## **ADDENDUM THREE**

### **DURESS SYSTEM SOLUTION – WINNEBAGO COUNTY JAIL REQUEST FOR PROPOSAL #25P-2415**

1. Will floor plans be provided? These are required to accurately determine the hardware infrastructure requirements. Ideally these will be provided as far in advance as possible of the submission date, perhaps sometime in mid-June. **Floor plans have been provided as requested. Please email [purchasing@purchasing.wincoil.gov](mailto:purchasing@purchasing.wincoil.gov)**
2. The Sally Port will not need duress system coverage.
3. See attached photos of existing duress receiver cabling.
4. Disregard request to connect duress solution with Motorola radios.
5. Central Command will be the main monitoring location for Duress System Solution.
6. Demolition of existing system can be priced separately from the new system solution installation. If you feel the system can function adequately with utilizing existing wiring that is also an option.
7. See attached Optional Pre-Proposal Sign-In Sheet from the walk-through on June 24, 2025.

**END OF ADDENDUM THREE**
