

WINNEBAGO COUNTY

— ILLINOIS —

**Winnebago County
Economic
Development, Business
Incentive and Host Fee
Program**

Program Goal and Objective and Basis:

Winnebago County is committed to promoting economic development with the overall objectives of strengthening the local economy, creating jobs and diversifying the County's property tax base. The Economic Development, Business Incentive and Host Fee Program is intended to support this effort by giving the County tools to help foster business expansion opportunities that will increase EAV and over time, help achieve the County's economic development objectives.

The Economic Development, Business Incentive and Host Fee Program is based on the economic development tools available to the County which include the following:

1. A rebate of the property tax increment generated from new or increased EAV as a result of property investment, development and/or revitalization of underutilized property. Abatements are determined upon project scoring. In unique circumstances, tax abatements may also be considered by the County. Both rebates of property tax increment and tax abatements ultimately are made at the discretion of the Winnebago County Board.
2. Host Fee Loans will be based upon specific evaluation criteria. While loans will be based on specific evaluation criteria, these Host Fee Loans will continue to be lent based on the availability of current and future Host Fees and are at the discretion of the Winnebago County Board.

This incentive program can be utilized alone or in conjunction with other municipal, county, state and/or federal economic development programs that may be available (including, but not limited to: Enterprise Zones and Tax Increment Financing (TIF) and Illinois Job Recovery Law (IJRL) district incentives). This incentive program is not an entitlement. Rather, it is a tool available at the Winnebago County Board's discretion to promote business development and investment in targeted sectors that will lead to long term economic enhancement for the County as a whole.

Requests for incentives should only be requested of the County after all other potential funding sources have been explored.

Statutory Authority

Illinois Compiled Statutes 35 ILCS 200/18-165, entitled, "Abatement of taxes", provides in pertinent part that:

Any taxing jurisdiction, upon a majority vote of its governing authority may, after the determination of the assessed value of a property, order the clerk of the county to abate any portion of its taxes on the following types of Commercial and Industrial property:

(1) Commercial and industrial

- A. The abatement shall not exceed a period of (10) ten years and the aggregate amount of abated taxes for all jurisdictions combined shall not exceed \$4,000,000; or,*
- B. The property of any commercial or industrial development of at least 500 acres *** having been created within a taxing district. The abatement shall not exceed a period of 20 years and the aggregate amount of abated taxes for all taxing jurisdictions combined shall not exceed \$12,000,000.*
- C. The property of any commercial or industrial firm currently located in the taxing district that expands a facility or its number of employees. The abatement shall not exceed a period of ten (10) years and the aggregate amount of abated taxes for all taxing districts combined shall not exceed \$4,000,000. The abatement period may be renewed at the option of the taxing districts.*

Target Business Clusters

The Northern Illinois Comprehensive Economic Development Strategy (CEDS) outlined the strategic goals and objectives for economic development in Winnebago, Boone and McHenry County. This document identified the following industry clusters to be a priority for Winnebago County and therefore represent the targeted business sectors for this incentive program:

- Advanced Manufacturing,
- Transportation, Logistics and Distribution
- Agriculture and Food Processing
- Healthcare and Medical Sciences

While each application will be considered on a case by case basis, strongest consideration is given to applications within these business clusters.

Economic Development, Business Incentive and Host Fee Eligibility Criteria

1. New or expanding business located in or relocating to Winnebago County and in good standing with the State of Illinois are eligible to apply for this program. To qualify for the Incentive Program, the application must result in a demonstrated increase in the equalized assessed valuation for the property.
2. The property on which the incentive is to be applied may be **owner-occupied or leased**. In the case of leased properties, the developer/owner of the leased property will need to be a party to the incentive agreement. **A company must sign a minimum of a five-year lease in order to be eligible to apply for the Incentive Program. Additionally, the incentive will not be offered in excess of the length of the lease. However, should a company have, for example, a five-year lease with a renewable option after five years, they could be granted a 10-year incentive. Should the company choose not to renew their contract after five years, the incentive would cease.**
3. Applicants must demonstrate a **competitive need** for the Incentive. In order to do this, the company must either provide evidence of location options **or** an officer of the Corporation must sign a “but for” statement. **In either case the applicant must demonstrate a cost differential.**
 - a. ***Evidence of location options*** –The applicant must provide evidence of non-Winnebago County location options, that is, the applicant has multiple location options (including other company-owned locations) and could locate outside of Winnebago County; or demonstrate that at least one other non-Winnebago County location is being considered for the project. Such proof shall include, but is not limited to, incentive letters, prospective offers from other states, or other documentation indicating the firm’s interest in alternative, non-Winnebago County locations; **or**

“But for” projects – The applicant must establish that “but for the Incentive, the capital investment, job creation and retention would occur elsewhere.”

Such proof shall include, but is not limited to, a statement from an authorized representative of the applicant that, without this incentive, the applicant would not be inclined to create new jobs and/or retain existing jobs in Winnebago County. The Applicant’s statement will take the following form:

“I certify that capital improvements would not be placed in service and the job creation and/or retention of existing jobs would not occur without the Winnebago County Economic Development, Business Incentive and Host Fee Program”.

Signed: _____
[CEO/President/Owner]

Dated: _____

and.

- b. **Demonstrate a Cost Differential:** The applicant must complete a cost comparison of Winnebago County's site vs. the non-Winnebago County alternative (s) and identify the cost differences. For example, the company must demonstrate that Winnebago County costs - such as utilities, property taxes, employee-based taxes, building construction and/or building lease, annual building maintenance & operations and labor - exceed those of all competing locations under final consideration. The company can demonstrate a cost differential in one of two ways:

- i. **Industry Based Cost Differential:** Provide evidence of a cost differential based on comparison of industry costs in other areas. Such proof shall include, but is not limited to, financial statements or internal memoranda; records of industry's cost structure in the other areas; general comparisons of costs of labor, utilities, taxes and so on; or any other financial documentation evidencing cost differential.

- ii. **Site Based Cost Differential:** Provide evidence of a cost differential based on comparison of Winnebago County vs. finalist non-Winnebago County sites. Such proof shall include, but is not limited to: written information such as non-Winnebago County sites under consideration; cost/benefit analyses of moving or closing the business; general comparisons of costs of labor, utilities, taxes, fees, construction and/or lease at the other sites under consideration; the specific value of incentives and/or lower taxes of a competing site; or any other documentation proving cost differential.

Once Winnebago County receives this information, it will initiate primary and secondary research and dialog with the applicant to validate the cost differential. **All applications and supporting documentation is subject to verification and independent analysis.**

4. **"New investment"** will be eligible for the incentive program. For example, if a company builds a new building or makes capital improvements to an existing building, those investments would be eligible, as they represent an increase to the fair market value of the property and therefore, increases the EAV. However, if a company acquires an existing building and makes no additional improvements, the incentive program would not be applicable as there would be no new value added to the tax base. The one exception to this would be for the re-occupancy of a vacant building.
5. **Vacant office, industrial, R&D, warehouse, or distribution buildings** will also be eligible for this incentive according to the following guidelines:
 - a. Only a building with an assessed value that had been reduced by 50% of the vacant portion of the building's total square footage and subsequently restored to the appropriate value upon reoccupation of the building by a

target industry company would be eligible.

- b. The property taxes for that property should be rebated for the specified numbers of years as well as the incentive portion of the property taxes based on the quality of the project (see the Business Incentive Evaluation Guideline's suggested scoring criteria for Vacant/Abandoned Buildings).

Note: In cases where both new investment (improvements) and the re-occupancy of a vacant building are involved, the company's application would be scored based on the total incremental tax revenues resulting from both streams. The company's score would determine both the incentive level for the portion of the tax bill relating to the re-occupancy of the vacant building, as well as for the portion of the tax bill relating to the new investment.

6 **Businesses located or locating within the Jurisdictional Bounds of Winnebago County are eligible for this Incentive Program regarding the following.**

- Tax abatements (rebates).
- Host Fee Funds shall only be used for TIF eligible expenses (as defined by Illinois Compiled State Statutes, 65 ILCS 55/11-74.4-3(q)).

Host Fee Funds

A "unit of local government", as defined by article 7, Section 1 of the Constitution of the State of Illinois, 1970, may request Host Fee Funds from Winnebago County to assist with Project Gap Financing. Funds are to be loaned to a unit of local government at zero percent (0%) interest rate for a set period of time. The payments shall not exceed five (5) years to a unit of local government, and repayments shall not exceed twenty (20) years to the County (totaling 25 years). Within one year of the last payment to the unit of local government, repayment must ensue and continue for the scheduled time frame as set forth in a mutually approved Redevelopment Agreement between the unit of local government and Winnebago County. To request such funds, the following criteria must be met. These funds are only to be used for TIF eligible expenses (as defined by Illinois Compiled State Statutes, 65 ILCS 55/11-74.4-3(q)) Loans will be dependent upon the amount of funding available at time of request and subject to the approval by the Winnebago County Board.

The following outlines the process at each step assuming approval where relevant.

1. The unit of local government submits a completed application for each individual request to Winnebago County for Host Fee funds detailing such items as amount requested, maximum number of years amount can be disbursed, employment numbers, estimated EAV, and square footage of the project for both land and building, (see attachments in the back of this packet).
2. County reviews the submitted request and determines application feasibility and eligibility
 - a. Preliminary approval is given

3. Redevelopment Agreement is drafted and reviewed between the unit of local government and the County.
 - a. Payment and Repayment schedule is set
 - i. Financial structure is defined
 - ii. Timeline is established
4. The unit of local government's Board reviews and approves the Redevelopment Agreement.
5. Winnebago County Board Reviews and approves the Redevelopment Agreement with the allocation of Host Fee Funds.
6. Funds are disbursed from the County to the unit of local government based upon the approved Redevelopment Agreement
7. Within one year after the completion of payments from the County to the unit of local government (maximum of 5 years), the unit of local government must begin repayment of the amount established in the Redevelopment Agreement for the specified period of time (maximum of 20 years).

Tax Abatements (Rebates) & Host Fee Funds

Criteria for Determining the Level of Incentive

The incentive offered through this program is based on rebating a portion of the County's property taxes derived from new EAV generated through the investment or reinvestment. The degree of the incentive shall vary based on the following:

- Economic Impact
- Fiscal impact
- Strategic impact

Level of Incentive:

The maximum rebate would be a percentage (%) for a maximum of 10 years, ***or until such time as the company has received \$4 million in incentives from all taxing jurisdictions combined, whichever comes first. (Based on IL state statute.)***

The term and depth of discount, whether it is fixed or a sliding scale, will be driven by the convergence of the above analyses.

In cases where the company's investment is added to the tax rolls mid-year, the amount of the incentive would be calculated on a pro-rated basis accordingly. The term of the incentive would not be diminished; however, it would not coincide with the tax year. That is, a company that is determined eligible for a three-year incentive may receive ½ year worth in Year 1, a full year's worth in Years 2 and 3, and the remaining ½ year in Year 4.

Host Fee Loans would be evaluated based on the same criteria as property tax rebates. Host Fee Loans tend to be more subjective. However, the dollar amount of the request will be evaluated against the above factors (Criteria for Determining the Level of Incentive) to ensure the County receives an adequate return on investment for Host Fee Loans. Host Fee Loans are at the discretion of the Winnebago County Board and will be reviewed semi-annually as determinations of Host Fees are made, or warranted.

Clawback Provisions/Verification Audit

The company shall maintain operations at the project location for, at a minimum, the length of the incentive granted, beginning on the date the project is placed in service. A discontinuance by the company of operations at the project location during the first half of the term of this agreement shall result in all of the incentives taken by the company during such period being deemed “wrongfully incentivized property taxes under provisions adopting this Business Incentive resolution” and shall be subject to forfeiture. Discontinuance by the company of operations at the project location after said initial period (one half of the length of incentives) shall not result in the forfeiture of any incentives previously taken by the company but shall result in the discontinuance of future benefits.

Part VI: STATEMENT OF QUALIFICATION AND JUSTIFICATION

Please provide the following in support of your application and request:

1) What type of assistance is being requested

- a. **Host Fee Funds**
 - i What is the amount (\$) being requested? \$ _____
 - ii What is the repayment period of time being requested (up to a maximum of 20 years)? _____ years

- b. **Tax Abatement (Rebates)**

2) Need for Assistance: Applicants must demonstrate a **competitive need** for the incentive. In order to do this, the company must either provide evidence of location options or sign a “but for” statement. ***In either case the applicant must demonstrate a cost differential.***

- a. **Evidence of location options** –The applicant must provide evidence of non-Winnebago County location options, which could be that the applicant has multiple location options (including other company-owned locations) and could locate outside of Winnebago County or demonstrate that at least one other non-Winnebago County location is being considered for the project. Such proof shall include, but is not limited to, incentive letters, prospective offers from other states, or other documentation indicating the firm’s interest in alternative, non- Winnebago County locations; **or**,

- b. **“But for” projects** – The applicant must establish that “but for the Incentive, the capital investment, job creation and retention occur elsewhere.”

If you select this option, an authorized representative shall sign the below statement representing that without the Incentive, the company would not be inclined to undertake the project and create new jobs and/or retain existing jobs in Winnebago County:

“I certify that capital improvements would not be placed in service and the job creation and/or retention of existing jobs would not occur without the Winnebago County Economic Development and Business Incentive Program”.

Signed: _____
[CEO/President/Owned]

Date: _____

3) Demonstrate a Cost Differential: The applicant must complete a cost comparison of Winnebago County' site vs. the finalist non- Winnebago County alternative (s) and identify the cost differences. For example, the company must demonstrate that Winnebago County costs - such as utilities, property taxes, employee-based taxes, construction and/or building lease, annual building maintenance & operations and labor - exceed those of all competing locations under final consideration. **Please sign and attach your Statement of Cost Differential and include at the top the following information:**

- a. **Company Description:** Describe the nature of the company seeking the incentive -- its products and markets -- and demonstrate that the company is an eligible type of business.
- b. **Project Description:** Describe the nature and location of the project for which the firm is seeking a rebate; demonstrate the firm is expanding or retaining operations. If the project involves the consolidation of a number of facilities to a single facility, please include the name of the facility being relocated, its current address, the number of employees currently being employed at that site, the median wage/salary of the employees at that site, the number of jobs from that site that will be relocated to the new site and the current function of the location (.e. corporate headquarters, warehouse/distribution, branch manufacturing plant, customer service center). Also, please be sure to note any special factors such as LEEDS certifications, energy efficiency measures or brownfield development
- c. **Need for Local Assistance:** Describe the need for an incentive and how (if applicable) the applicant's use of the incentive may increase employment in Winnebago County.

Identify a cost differential for the project by responding to either item i) or ii) below. **(Include this calculation in your Statement of Cost Differential and label it as "Cost Differential.")**

- i **Industry Based Cost Differential:** Provide evidence of a cost differential based on comparison of industry costs in other areas. Such proof shall include, but is not limited to, financial statements or internal memoranda; records of industry's cost structure in the other areas; general comparisons of costs of labor, utilities, taxes and so on; or any other financial documentation evidencing cost differential.
- ii **Site Based Cost Differential:** Provide evidence of a cost differential based on comparison of Winnebago County vs. finalist non-Winnebago County sites. Such proof shall include, but is not limited to: written information such as non- Winnebago County sites under consideration; cost/benefit analyses of moving or closing the business; general comparisons of costs of labor, utilities, taxes, fees, construction and/or lease at the other sites under consideration; the specific value of

incentives and/or lower taxes of a competing site; or any other documentation proving cost differential.

Once Winnebago County receives this information, it will initiate primary and secondary research and dialog with the applicant to validate the cost differential.

4) Eligible Projects: Projects must be a new construction, expansion of an existing facility or the re-occupancy of a vacant facility.

Is the company expanding operations? (Check one of the three boxes which apply)

- Siting a new facility (with capital investment and new jobs) in Winnebago County; or
- Expanding its operation (capital investment and new jobs) at a current Winnebago County location; or
- If relocating operations within Winnebago County, the company must demonstrate the expansion cannot be accommodated at the current site due to constraints, including but not limited to:
 - lack of adequate street or road capacity or access;
 - inability of local authorities to assist in the expansion;
 - lack of available contiguous land for expansion;
 - excessive land costs in the current location;
 - reconstruction requires a shutdown of operations;
 - structurally or functionally obsolete facility;
 - lack of adequate utility capacity;
 - lack of available work force; or similar reasons.

Once an application is received, if the company is proposing to move a facility from one Winnebago County location to another, Winnebago County will send a letter to the mayor of the current host community to verify the site constraints that are “pushing” the expansion to another Winnebago County location.

5) Acknowledgement of the CLAW-BACK Language

The application shall include an acknowledgement of the requirement to maintain operations at the project location for, at a minimum, the length of the incentive granted, beginning on the date the project is placed in service. A discontinuance by the company of operations at the project location during the first half of the term of this agreement shall result in all of the incentives taken by the company during such period being deemed “wrongfully incentivized under provisions adopting this Business Incentive resolution” and shall be subject to forfeiture. Discontinuance by the company of operations at the project location after said initial period (one half of the length of incentive granted) shall not result in the forfeiture of any incentives previously taken by the company but shall result in the discontinuance of future benefits.

CERTIFICATION OF APPLICATION

The CEO and/or Chairman of the Board of the applicant hereby acknowledges and agrees to their responsibilities relative to the Winnebago County Economic Development and Business Incentive program.
