#### **Questions and Answers:**

**Question:** Is the optional mapping scale for the city of Rockford is 1"=100'?

**Answer:** Yes.

**Question:** Can you confirm the optional 3" orthoimagery request is for the county or just for the City of Rockford?

**Answer:** The 3" option is for the entire county, not just the City of Rockford.

**Question:** Can we also get an electronic boundary for the City of Rockford specifically for the planimetric option?

**Answer:** Yes, the electronic file is available on the Winnebago County website but will require the software program ArcMap to be able to use it. Winnebago County does not provide additional software.
