 Re: Business Partner Communication on Assistant Modifiers and Invoices

On January 1, 2022, CMS implemented Section 53107 of the Bipartisan Budget Act of 2018, which requires services provided in whole or in part by a physical therapy assistant (PTA) or an occupational therapy assistant (OTA) to be paid at 85% of the physician fee schedule rate. The 15% reduction only impacts the CMS-billed portion and not the 20% co-pay, resulting in a 12% net reduction. **The reduced Medicare B revenue is proportionate with a reduced GRS invoice that you will see on your January invoice.**

The below example depicts the Assistant Modifier reduction to invoice from 2021 to January 2022. This is for illustration purposes only:

	Example without Assistant Modifier reduction 2021:	Example with Assistant Modifier reduction 2022:
100% Fee Schedule	\$32	\$32
Co-insurance/Patient Responsibility (20%)	(\$6.40)	(\$6.40)
Medicare B Allowed Amount (80%)	\$25.60	\$25.60
15% Assistant Modifier reduction (CQ, CO) applied to 80%	N/A	(\$3.84)
Assistant Modifier reduction -GRS (Example 78% of fee schedule contracted rate)	N/A	$\$3.84 \times 78\% = 3.00$
Assistant Modifier reduction-Business Partner (Example $100\% - 78\% = 22\%$)	N/A	$\$3.84 \times 22\% = .84$
Facility Reimbursement	\$25.60	\$24.76

Note: MPPR is not factored into this illustration
