Ordinance Executive Summary

Prepared By: Circuit Court – Thomas Jakeway

Committee: Finance

Committee Date: June 20 2024

Resolution Title: Ordinance for Approval of Budget Amendment for Circuit Court Mid-Year Adjustments

County Code: Winnebago County Annual Appropriation Ordinance

Board Meeting Date: June 27, 2024

Budget Information:

Was item budgeted?	No	Appropriation Amount:	\$0
If not, explain funding source:	Proportional Revenue Increase		
ORG/OBJ/Project Code:	32000-32240, 43190, 41110 & 43140		Budget Impact: Net Zero

Background Information:

FY24 language access services within Other Professional Services have increased at an unprecedented pace. The budget for Other Professional Services is forecasted to be insufficient. Language access services are reimbursable from the Illinois Supreme Court. Existing Revenue budgeted for language access services can be adjusted with increased service expenses. This amendment seeks to increase Other Professional Services by \$160,000 along with a corresponding \$160,000 increase to Revenue. Thereby, there is no net budgetary increase.

After approval of the FY24 budget, the Illinois Supreme Court increased the minimum payment for attorneys appointed to represent indigent parties (see ILSC Rule 299 as amended January 1, 2024). The budget amount for Legal expenses is forecasted to be insufficient. This amendment seeks to address the expected overage by transferring \$100,000 in anticipated surplus regular salary expenses to Legal expenses. This is a transfer of already budgeted funds with no net budget increase.

Recommendation: Amendment presented following mid-year budget meeting with County Leadership.

TO: THE HONORABLE BOARD MEMBERS OF THE COUNTY OF WINNEBAGO, ILLINOIS

The Winnebago County Finance Committee presents the following Ordinance amending the Annual Appropriation Ordinance for the fiscal year ending September 30, 2024 and recommends its adoption.

Ordinance for Approval of Budget Amendment for Circuit Court Mid-Year Adjustments

WHEREAS, language access services have increased at an unprecedented pace and the Illinois Supreme Court increased the minimum payment for attorneys appointed to represent indigent parties; and,

WHEREAS, the Winnebago County Board adopted the “Annual Budget and Appropriation Ordinance” for the fiscal year ending September 30, 2024 at its September 28, 2023 meeting; and,

WHEREAS, 55ILCS 5/6-1003(2014), states, “After the adoption of the county budget, no further appropriations shall be made at any other time during such fiscal year, except as provided in this Act. Appropriations in excess of those authorized by the budget in order to meet an immediate emergency may be made at any meeting of the board by a two-thirds vote of all the members constituting such board, the vote to be taken by ayes and nays and entered on the record of the meeting.”

NOW, THEREFORE, BE IT ORDAINED, that the County Board deems that pursuant to provisions as set forth in 55ILCS 5/6-1003(2014), certain conditions have occurred in connection with the operations of the County which are deemed to be immediate emergencies; therefore, the increases detailed per the attached Request for Budget Amendment are hereby authorized for Amendment **#24-008 Circuit Court Mid-Year Adjustments**.

Examples of unforeseen causes included but are not limited to: acts of God or a public enemy; acts of the LPA, DEPARTMENT, or other approving party not resulting from the ENGINEER's unacceptable services; fire; strikes; and floods.

If delays occur due to any cause preventing compliance with the PROJECT SCHEDULE, the ENGINEER shall apply in writing to the LPA for an extension of time. If approved, the PROJECT SCHEDULE shall be revised accordingly.

9. This certification is required by the Drug Free Workplace Act (30 ILCS 580). The Drug Free Workplace Act requires that no grantee or contractor shall receive a grant or be considered for the purpose of being awarded a contract for the procurement of any property or service from the DEPARTMENT unless that grantee or contractor will provide a drug free workplace. False certification or violation of the certification may result in sanctions including, but not limited to suspension of contract on grant payments, termination of a contract or grant and debarment of the contracting or grant opportunities with the DEPARTMENT for at least one (1) year but not more than (5) years.

For the purpose of this certification, "grantee" or "Contractor" means a corporation, partnership or an entity with twenty-five (25) or more employees at the time of issuing the grant or a department, division or other unit thereof, directly responsible for the specific performance under contract or grant of \$5,000 or more from the DEPARTMENT, as defined the Act.

The contractor/grantee certifies and agrees that it will provide a drug free workplace by:

- (a) Publishing a statement:
 - (1) Notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance, including cannabis, is prohibited in the grantee's or contractor's workplace.
 - (2) Specifying actions that will be taken against employees for violations of such prohibition.
 - (3) Notifying the employee that, as a condition of employment on such contract or grant, the employee will:
 - (a) abide by the terms of the statement; and
 - (b) notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than (5) days after such conviction.
- (b) Establishing a drug free awareness program to inform employees about:
 - (1) The dangers of drug abuse in the workplace;

- (2) The grantee's or contractor's policy to maintain a drug free workplace;
 - (3) Any available drug counseling, rehabilitation and employee assistance program; and
 - (4) The penalties that may be imposed upon an employee for drug violations.
- (c) Providing a copy of the statement required by subparagraph (a) to each employee engaged in the performance of the contract or grant and to post the statement in a prominent place in the workplace.
 - (d) Notifying the contracting, or granting agency within ten (10) days after receiving notice under part (b) of paragraph (3) of subsection (a) above from an employee or otherwise, receiving actual notice of such conviction.
 - (e) Imposing a sanction on, or requiring the satisfactory participation in a drug abuse assistance or rehabilitation program.
 - (f) Assisting employees in selecting a course of action in the event drug counseling, treatment and rehabilitation is required and indicating that a trained referral team is in place.

Making a good faith effort to continue to maintain a drug free workplace through implementation of the Drug Free Workplace Act, the ENGINEER, LPA and the Department agree to meet the PROJECT SCHEDULE outlined in EXHIBIT B. Time is of the essence on this project and the ENGINEER's ability to meet the PROJECT SCHEDULE will be a factor in the LPA selecting the ENGINEER for future projects. The ENGINEER will submit progress reports with each invoice showing work that was completed during the last reporting period and work they expect to accomplish during the following period.

- 10. Due to the physical location of the project, certain work classifications may be subject to the Prevailing Wage Act (820 ILCS 130/0.01 et seq.).
- 11. For Preliminary Engineering Contracts:
 - (a) That tracing, plans, specifications, estimates, maps and other documents prepared by the ENGINEER in accordance with this AGREEMENT shall be delivered to and become the property of the LPA and that basic survey notes, sketches, charts, CADD files, related electronic files, and other data prepared or obtained in accordance with this AGREEMENT shall be made available, upon request to the LPA or to the DEPARTMENT, without restriction or limitation as to their use. Any re-use of these documents without the ENGINEER involvement shall be at the LPA's sole risk and will not impose liability upon the ENGINEER.
 - (b) That all reports, plans, estimates and special provisions furnished by the ENGINEER shall conform to the current Standard Specifications for Road and Bridge Construction, Bureau of Local Roads and Streets Manual or any other applicable requirements of the DEPARTMENT, it being understood that all such furnished documents shall be approved by the LPA and the DEPARTMENT before final acceptance. During the performance of the engineering services herein provided for, the ENGINEER shall be responsible for any loss or damage to the documents herein enumerated while they are in the ENGINEER's possession and any such loss or damage shall be restored at the ENGINEER's expense.

NOW, THEREFORE, in consideration of the premises and of the mutual covenants and agreements as hereinafter contained the parties hereto agree as follows:

SECTION 1. The Project covered under this Agreement shall be subject to all applicable Federal laws, rules, regulations, orders and approvals pertaining to all agreements, specifications, award of contracts, acceptance of work and procedure in general. The STATE and the COMPANY shall be governed by the applicable provisions of the Federal-Aid Policy Guide, Part 646, dated

December 9, 1991, and any supplements or amendments thereto hereinafter referred to as the "Policy Guide". The COMPANY shall meet the Buy America requirements specified in 23 CFR 635.410. Upon completion of the COMPANY's work, the COMPANY shall sign and return with its Final Invoice, the Certification of Compliance with Buy America, attached hereto as Exhibit B.

SECTION 2. The COMPANY shall prepare the detailed plans (including surveys and other engineering services), and detailed estimates of cost. The detailed plans shall be submitted to the Illinois Commerce Commission (ICC) in accordance with Section 5 of this Agreement and estimates shall be submitted to the STATE for their approval.

SECTION 3. The completed crossing warning devices shall conform to Part VIII of the most current edition of the National Manual on Uniform Traffic Control Devices (MUTCD), including any amendments which may be contained in the Illinois Supplement to the MUTCD. Barrier systems, such as guardrail and impact attenuators should not be used at railroad grade crossings except in extraordinary circumstances. Approval for the erection of any roadside barrier by the COMPANY must be obtained in writing in advance from the LPA. LPA shall notify STATE in writing of such request prior to LPA's approval.

SECTION 4. All required installation work at the grade crossing(s) shall be performed by the COMPANY with its own forces or in accordance with 23 CFR, part 646.216. In the event the COMPANY intends to use forces other than its own under a continuing contract or contracts, the COMPANY shall provide the Department with a list of the items of work to be accomplished under such contract or contracts and a list of the name of each contractor whose services will be used to perform the work. Such contracts shall be in compliance with the Civil Rights Act of 1964 and implementing regulations applicable to Federal-Aid Projects as well as the Illinois Fair Employment Practices Act and implementing rules and regulations.

SECTION 5. The COMPANY will not begin to work without written authorization from the STATE to proceed. The COMPANY shall file a form 1 or form 3 Petition of Illinois Administrative Code 1535 with the Illinois Commerce Commission (ICC) showing details of the automatic warning devices herein required, and shall receive approval thereof by X-Resolution before commencing

with the installation. Upon receipt of authorization from the STATE and the ICC, the COMPANY shall promptly schedule the work set forth in the Agreement and shall notify in writing the agencies listed on Exhibit A, a minimum of twenty-one (21) days before commencing work. Any work performed prior to this notification will be considered non-reimbursable.

SECTION 6. The COMPANY shall keep an accurate and detailed account of the actual cost and expense as incurred by it, or for its account, in the performance of the work it herein agrees to perform. The COMPANY, for performance of its work as herein specified, shall bill the STATE **immediately**, for its share of Preliminary Engineering costs incurred to date upon receiving authorization to proceed with construction, and, may bill the STATE monthly for the STATE's share of the cost of materials purchased, delivered and stored on the COMPANY's property but not yet installed. The materials will become the property of the STATE and must be designated for exclusive use on the Project.

In the event the COMPANY fails to install the stored material within one year of the fully executed agreement date, the State may provide a written notice to the COMPANY, requiring the COMPANY to promptly deliver the stored material to a location indicated in writing by the STATE. Upon delivery, the STATE shall then take possession of said material for the STATE's own use. The delivery of the material to the STATE shall in no way serve to terminate this Agreement or affect the other provisions of this Agreement and in addition shall not affect the COMPANY's right to claim payment for stockpiled material to replace that taken by the STATE. In the event of any loss of material after payment, the COMPANY will replace the material at no cost to the STATE. The storage area of such materials shall be available for STATE inspection upon 24-hour notice.

SECTION 7. The COMPANY, for performance of its work as herein specified, may bill the STATE monthly for the STATE's share of its expense as incurred. These progressive invoices may be rendered on the basis of the estimated percentage of the work completed, plus allowable FHWA approved additives. Reimbursement of labor additives will be limited to only the most current direct labor additives, small tools additives, equipment additive rate, if so developed, and public liability/property damage liability insurance rates as audited and approved by a cognizant

State agency and FHWA. Indirect overhead or general and administrative expenses, or those expenses which may be classified as such under generally accepted accounting principles are not eligible for reimbursement on this Project.

The STATE after verifying that the bills are reasonable and proper shall promptly reimburse the COMPANY in accordance with the State Prompt Payment Act (30 ILCS 540/1 et seq.), as currently enacted. Payment under this paragraph shall not be claimed for any progressive invoice totaling less than \$500. The progressive invoices may be rendered on the basis of an estimated percentage of work completed.

The COMPANY, upon the completion of the work, shall, within one hundred twenty (120) calendar days, render to the STATE a detailed final invoice of the actual cost and expense as incurred by it or for its account. After the STATE's representatives have checked the progressive invoices and the final invoice and they have agreed with the COMPANY's representatives that the costs are reasonable and proper, insofar as they are able to ascertain, the STATE shall promptly reimburse the COMPANY in accordance with the State Prompt Payment Act (30 ILCS 540/1 et seq.), as currently enacted, for the amount of the final invoice, except that for any portion of the final invoice in excess of the estimated cost of such excess costs as shown in Section 6, the STATE may withhold payment of such excess costs until the COMPANY has provided reasonable backup detail as requested by the STATE to justify the additional cost, and the STATE shall promptly review such backup detail as provided by the COMPANY and shall thereafter promptly pay the costs in excess of the estimated costs unless reasonable exception is taken thereto. If the parties cannot reach agreement on reimbursement of the COMPANY's costs above the estimated costs, each Party retains all legal and equitable remedies regarding the payment of same; such reimbursements, however, are subject to the provisions of Section 13 hereof.

All invoices shall be clearly marked as "progressive invoice" or "final invoice", as applicable, and should be sent to:

Illinois Department of Transportation
Attn: Fiscal Control Unit
Bureau of Local Roads and Streets
2300 S. Dirksen Parkway
Springfield, IL 62764

The COMPANY shall maintain, for a minimum of three (3) years after the date of the final bill, adequate books, records, and supporting documents to verify the amounts, recipients, and uses of all disbursements of funds passing in conjunction with the contract; the contract and all books, records, and supporting documents related to the contract, which may be stored on electronic files, shall be available for review and may be audited by the AUDITOR GENERAL. The COMPANY agrees to cooperate fully with any audit conducted by the AUDITOR GENERAL and to provide full access to all relevant materials. Failure to maintain the books, records, and supporting documents required by this section shall establish a presumption in favor of the STATE for the recovery of any funds paid by the STATE under the contract for which adequate books, records, and supporting documentation are not available to support their purported disbursement.

After the federal or STATE representatives have audited the expenses as incurred by the COMPANY, including such amounts as may have been suspended from any previous payment, the STATE shall promptly reimburse the COMPANY for the suspended amounts, less the deduction of any item(s) of expense as may be found by the federal or STATE representatives as not being eligible for reimbursement. If the total of the item(s) of expense as may be found by the federal or STATE representatives as not being eligible for reimbursement exceeds the retained percentage plus any amounts which may have been suspended, then the COMPANY shall promptly reimburse the STATE for the overpayment.

SECTION 8. The crossing warning signal system should be placed in service immediately after the installation is completed. The COMPANY shall notify the STATE in writing of the date of

the completed installation. The STATE will perform a final inspection upon receiving the written notification.

SECTION 9. When construction of this Project is completed, and so long as State law shall so require, the COMPANY shall maintain at its expense or, by agreement with others, provide for maintenance of the crossing warning signal devices.

SECTION 10. If at any time subsequent to the completion of this improvement, the tracks in the area of the crossing are eliminated for any reason whatsoever, then the said signal system may be removed, relocated and reinstalled at another grade crossing of the COMPANY mutually designated and agreed to by the Parties hereto and subject to the approval of the public authorities having any jurisdiction. The reinstalled signal system shall thereafter be subject to the terms of this Agreement.

SECTION 11. In compliance with the Federal-Aid Policy Guide, dated December 9, 1991, Section 646.210, the railroad work as herein contemplated requires no contribution from the COMPANY, however the COMPANY agrees to contribute ten percent (10%) of the cost of this Project. Per the alternative Federal-State procedure in 23 C.F.R. § 646.220, the STATE will have a representative present at the job site during construction to certify the work and to assure that all work and materials meet the requirements, is complete, acceptable and in accordance with the terms of this Agreement.

SECTION 12. In the event that delays or difficulties arise in securing necessary federal or state approvals, or in acquiring rights-of way, or in settling damage claims, or for any other cause which in the opinion of the STATE render it impracticable to proceed with the construction of the Project, then at any time before construction is started, the STATE may serve formal notice of cancellation upon the COMPANY and this Agreement shall thereupon terminate. In the event of cancellation, the STATE shall reimburse the COMPANY for all eligible cost and expense incurred by the COMPANY prior to receipt of notice of cancellation and payment by the STATE.

SECTION 13. It is the policy of the U.S. Department of Transportation that disadvantaged business enterprises, as defined in 49 CFR Part 26, shall have maximum opportunity to participate in the performance of agreements financed in whole or in part with federal funds. Consequently, the disadvantaged business enterprise requirements of 49 CFR Part 26 apply to this Agreement. The COMPANY agrees to take all necessary and reasonable steps to ensure that disadvantaged business enterprises, as defined in 49 CFR Part 26, have the maximum opportunity to participate in the performance of this Agreement. The COMPANY, sub-recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Agreement. The COMPANY shall carry out applicable requirements of 49 CFR part 26 in the award and administration of STATE-assisted contracts. Failure by the COMPANY to carry out these requirements is a material breach of this Agreement, which may result in the termination of this contract or such other remedy as deemed appropriate.

In the event any work is performed by other than COMPANY forces, the provisions of "an act regulating wages of laborers, mechanics and other workers employed in public works by the State, County, City or any public body or any political subdivision or by anyone under contract for public works" (Illinois Compiled Statutes, 820 ILCS 130/1 et seq.) shall apply. Pursuant to 820 ILCS 130/4, COMPANY is hereby notified "the prevailing rate of wages are revised by the Department of Labor and are available on the Department's official website".

SECTION 14. This Agreement shall be binding upon the Parties hereto, their successors or assigns.

SECTION 15. The COMPANY shall complete all work or shall be responsible that all work is completed by other forces within one year of the date of the fully executed agreement. In the event that all work cannot be completed within one year, the COMPANY shall notify the STATE in writing the cause for the delay before the one-year deadline has expired. Otherwise, the STATE will consider petitioning the Illinois Commerce Commission to order the work to be completed.

SECTION 16. At the time this Agreement was executed, there were funds available for the Project; however, obligations assumed by the STATE under this Agreement shall cease

immediately, without penalty or payment beyond that which the COMPANY has already accumulated, should the Illinois General Assembly or the Federal Highway Administration fail to appropriate or otherwise make available funds for the Project.

SECTION 17. The COMPANY was hereby requested and authorized to accrue costs by the STATE, to perform the necessary preliminary engineering to develop an estimate of cost for the proposed work described on Exhibit A, on **January 27, 2021**. The COMPANY hereby agrees to not invoice the STATE until such time this Agreement is fully executed.

SECTION 18. The COMPANY certifies its correct Federal Taxpayer Identification Number, as indicated on the attached Exhibit C.

SECTION 19. This Agreement shall be construed and interpreted according to the laws of the State of Illinois.

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be executed in duplicate counterparts, each of which shall be considered as an original, by their duly authorized officers as of the dates below indicated.

2.0 ORGANIZATION.

The County will provide the Base Services through the following organizational structure:

The Village shall continue to provide input regarding both general and specific law enforcement issues and priorities throughout this Agreement, as they may change from time to time, and to make recommendation as to expectations for communication of law enforcement issues for the CPO or his designee. The Sheriff agrees to take into consideration the law enforcement recommendations of the Village. The CPO and all other Assigned Personnel providing services to the Village under this Agreement, in order to give official status to their actions, are authorized by the Village to provide such services.

2.4 **Patrol Shift Supervision.** The Sheriff will assign the number of WCSO supervisory personnel (“Supervisors”), as indicated in Schedule 2, which is attached hereto and is incorporated herein by reference. The assigned Supervisors shall provide services as designated by and shall report directly to the CPO.

2.5 **Assigned Deputies.** The Sheriff shall assign the number of Sheriff’s deputies to the Village (“Assigned Deputies”), as indicated in **Schedule 2**, or as amended according to Section 6.3 of this Agreement. County personnel identified in Sections 2.2, 2.4 and 2.5 (“Assigned Personnel”) above shall provide the Base Services exclusively within the Village limits, excepting requirements of investigative personnel to travel to locations outside of the Village in performance of investigative duties directly attributable to the Village. Assigned Personnel providing services under this Agreement may not be assigned to perform work or duties for the WCSO that do not pertain to the Village while they are on-duty in the Village, provided, however, the Sheriff may direct Assigned Personnel providing services under this Agreement to perform duties outside of the Village while they are on-duty in the Village should the Sheriff determine that there is a need to respond outside the Village in the usual and customary provision of mutual aid and backup to other law enforcement agencies or as is required pursuant to Section 14 of the Emergency Telephone System Act, 50 ILCS 750 *et seq.*

B. The Sheriff shall provide the Village with a minimum of sixty (60) days' notice of its intent to replace the CPO. This notice shall be waived when circumstances dictate a more expedited schedule, in which case the Sheriff shall provide the Village with as much notice as practicable and reasonable under the circumstances.

C. The choosing of the replacement CPO shall follow the procedure set forth in Section 2.2 above for selection of the CPO.

D. Upon naming the replacement CPO, the Sheriff will notify the Village and, should circumstances permit, provide for a two-week training period for the replacement CPO to work on transition with the outgoing CPO.

If the CPO assigned to the Village is absent or scheduled to be absent from duty for period in excess of fifteen (15) work days, the Sheriff shall, at the request of the Village, provide a temporary replacement for the CPO at the rank of Sergeant or above as soon as practicable, and until such time as the CPO is able to return to work at the Village. The Village may request a replacement CPO pursuant to Section 4.1.6 should it believe the continuing absence of the CPO is detrimental to the continued provision of Base Services.

4.3 Staffing. Standard shift staffing levels shall be as set forth in **Schedule 2** and shall consist of five (5) Assigned Deputies and a Supervisor, or supervision as assigned by WCSO, if for identifiable reasons, five (5) Assigned Deputies are temporarily not available, then there shall be a minimum of three (3) Assigned Deputies working per shift. The three (3) Assigned Deputies may be comprised of any combination of Assigned Deputies and Supervisors. The Sheriff is responsible to assure the Assigned Deputies are present twenty-four (24) hours a day, every day during the term of this Agreement. The Village shall be responsible for paying any overtime costs incurred in providing the staffing levels set forth above or for the provision of basic services under this Agreement. The CPO shall get prior authorization from the Village for overtime for staffing levels in excess of those set forth above or for the provision of services which are not provided as basic services under this Agreement.

The Village shall ultimately have the right to approve the budgeted expenditures. Within Schedule 3, no new budgetary line items may be added as part of the Fee Schedule, during the term of this Agreement without the express written consent of the Parties. If the Village receives a credit as set forth, the payment for the replacement of the Capital Equipment for which the credit is given shall be the responsibility of the Village. If the County receives grant funding or other reimbursements for equipment items typically used by the WCSO and which falls under the definition of Capital Equipment under this Agreement, then the Village shall receive a credit for the proportionate share of funding received and only be required to reimburse the County for the remaining expenditure.

4.5 Equipment Replacement. Capital Equipment purchased by the County with funds provided by the Village for the purpose of providing services under this Agreement shall be maintained in a proper manner, and replaced at a point in time when it is mutually agreed that the equipment no longer meets the needs of the Machesney Park Division.
