PROPOSAL

Please submit your proposal using this template. Identify the **Core Strategy** and **Use** you determine to be the most appropriate use of funds. Please describe your proposed project to include evidence of need, as well as a description of proposed use for each Core Strategy. If you propose to address more than one Use in a Core Strategy, please clearly identify each Use within the narrative:

CORE STRATEGY:	TO RETAIN THE CURRENT GRANT FUNDED COMMUNITY CARE COORDINATOR POSITION
Uses(s):	To continue to support those in our community that are navigating the loss of a loved one due to opioid overdose.

The need to retain the Community Care Coordinator position within the Coroner's Office is multi-faceted. The most important of which is to continue to help reshape family's lives after loss due to an opioid overdose. The Community Care Coordinator has been tasked with community outreach, education and overdose prevention efforts. Partnering with local non-profit organizations, the Winnebago County Health Department, substance use disorder treatment providers, hospitals and others in an effort to rebuild a community that is being plagued with an unprecedented number of overdose deaths.

This fast-moving epidemic does not distinguish between age, sex, socioeconomic status or race and has quickly become the number one cause of unnatural deaths handled within our office. This crisis has manifested itself into multiple public health consequences which include but are not limited to; neonatal abstinence syndrome, increased spread of infectious diseases, homelessness and crime. The extent of these problems provides evidence of the seriousness of the crisis within our county. Perhaps none of these problems has heightened the awareness of the community to the same degree as the recent dramatic increase in opioid overdose deaths.

With the retention of our current grant funded Community Care Coordinator, we are confident that the efforts brought forth, along with community partners, will continue to help break through the cycle through outreach, education and prevention strategies.

Have you applied to other funding sources to implement all, or parts, of this project?

No

Please describe. Include funding source, year, amount, whether the application was successful, and relevant information:

Typically, there are very few grants that apply to the work or needs of a Coroner Department, though we are always searching.

PROPOSAL

Please submit your proposal using this template. Identify the **Core Strategy** and **Use** you determine to be the most appropriate use of funds. Please describe your proposed project to include evidence of need, as well as a description of proposed use for each Core Strategy. If you propose to address more than one Use in a Core Strategy, please clearly identify each Use within the narrative:

CORE STRATEGY:	MEDICATION-ASSISTED TREATMENT (“MAT”) DISTRIBUTION AND OTHER OPIOID-RELATED TREATMENT
Uses(s):	Increase distribution of MAT (MAR) to individuals who are uninsured or whose insurance does not cover the needed service focused in rural and access challenged communities in Winnebago, County;
<p>Opioid Use Disorder (OUD) affects millions of Americans with estimates placing 6.7 – 7.6 million adults afflicted by this disorder. IDPH data for 2022 shows Illinois opioid overdose (OD) deaths at 3,261 with an additional 15,286 non-fatal ODs. Emergency Medical Services (EMS) is strained with 20,000 responses to opioid ODs in 2022. In 2022, Winnebago County saw 340 Emergency Department visits and 167 opioid deaths.</p> <p>Historically, psychiatrists were trained to care for patients’ recovery with OUD. It is estimated that by 2025, the general demand for psychiatrists will surpass the supply by up to 15,000 clinicians. OUD cannot be managed by psychiatrist care alone.</p> <p>Medication Assisted Recovery (MAR) is first line treatment for OUD and includes methadone, buprenorphine, buprenorphine/naloxone, and naltrexone. These medications, in combination with behavioral therapies, aid in successfully ending opioid use by addressing physical difficulties such as withdrawal symptoms. There is abundant evidence that treatment with MAR reduces opioid use, increases quality of life and the likelihood people remain in treatment, and reduces relapse and overdose mortality.</p> <p>Despite the evidence of the efficacy of MAR, there is a significant gap in care for providing MAR for patients with OUD, with less than 13% receiving these life-saving medications. Many barriers prevent patients from accessing treatment. Patients often have difficulty locating prescribing clinicians and frequently face transportation barriers. Within Winnebago County, the overwhelming majority of physicians providing MAR are in and around the City of Rockford; according to the State of Illinois Opioid Dashboard there are no MAR providers in rural Winnebago County. The current providers in the Rockford area are not able to provide</p>	

coverage for all those affected with OUD. Additionally, uninsured patients may be unable to afford prescriptions or locate treatment programs that will accept patients without insurance. For patients experiencing homelessness, these barriers are exacerbated. The COVID-19 pandemic heightened these access challenges while also leading to increased isolation and disruption in behavioral health supports. Until recently, federal law required training for providers before they were allowed to prescribe MAR, creating another barrier to care. This federal requirement was recently eliminated thus allowing prescribers to incorporate MAR therapy into their practice. Unfortunately, many physicians are still unaware of this lifted restriction or are resistant to offering MAR therapy in their practice which is concerning, especially in the rural areas of the county.

To reduce access barriers, especially in rural areas of the county and underrepresented groups, the Winnebago County Health Department will partner with the UIC College of Pharmacy to implement an interprofessional telehealth MAR program for rural Winnebago County residents. Individuals can solicit care directly or via provider referral. Physician-led protocols will be developed allowing clinical pharmacists to drive the medication integration. Harm Reduction staff will coordinate necessary social services including behavioral health, housing, and employment resources, rounding out the care team.

Patients will schedule telehealth visits to determine a comprehensive OUD treatment plan. When patients meet protocol criteria, the pharmacist will initiate MAR therapy following the approved physician protocol. Harm Reduction Staff will identify and implement additional social services including behavioral health, housing, and other needs. Clinical pharmacists will conduct patient visits weekly to monitor and adjust MAR while Harm Reduction staff schedule appropriate follow up based on patient needs. Those who do not meet protocol criteria will be contacted by the physician team member for assessment and treatment. The telehealth team will communicate medication and social service plan to the patient's primary care physician quarterly.

According to [SAMHSA](#), evidence for MAR in combination with counseling and behavioral therapy improved patient survival, retention in treatment, and the ability to gain and maintain employment while decreasing illicit opioid use and criminal activity. The Utah Opioid Community Collaborative is a specific example of success in an interprofessional model working with a population similar to Winnebago County.

Results from use of telehealth in delivering MAR is also positive. Brown University reported an overall satisfaction rate of 92.3% with telephone counseling in a MAR therapy program from patients and counselors. The majority of individuals (70.9%) reported that telehealth helped the same with OUD as in-person visits while 16.4% said it helped more.

Health equity is an important goal for the community. Black and African American individuals have the highest rate of drug overdose and death in our community, so services will be provided with an equity lens. Impact will be monitored to assess the projects effect in marginalized communities.

CORE STRATEGY:	EXPANDED SYRINGE SERVICE PROGRAMS
Use(s):	Provide comprehensive Syringe Services Programs with wrap-around services, including linkage to OUD treatment (MAT/MAR), access to and disposal of sterile syringes and injection equipment, vaccination, testing, and linkage to care and treatment of infectious diseases.
<p>WCHD is committed to reducing the incidence of overdose deaths, infectious disease, and other harms associated with substance use disorders through the WINNIE Harm Reduction Program. Harm Reduction Services are part of the continuum of care to address substance use disorders including OUD. Services currently provided by WCHD include:</p> <ul style="list-style-type: none"> • Providing education, counseling, and referral to treatment for substance use disorders. • Training and distribution of naloxone and testing kits for drug adulterants such as fentanyl, xylazine, and benzodiazepines. • Reducing the transmission of infectious diseases including sexually transmitted infections (STI's), HIV, viral hepatitis through screening/testing, treatment, education regarding safer sex practices, and the distribution of condoms. • Providing pre-exposure prophylaxis against HIV (PrEP). • Vaccinating against vaccine preventable diseases including Hepatitis. • Access and education regarding the use of gun locks. <p>The WINNIE Harm Reduction Program will be expanded to include Syringe Service Programming (SSP) for Persons Who Inject Drugs (PWID) with access to and disposal of sterile syringes and injection equipment.</p> <p>According to the CDC:</p> <ul style="list-style-type: none"> • <i>Nearly 30 years of research shows that comprehensive SSPs are safe, effective, and cost-saving, do not increase illegal drug use or crime, and play an important role in reducing the transmission of viral hepatitis, HIV and other infections.</i> • <i>SSPs protect the public and first responders by facilitating the safe disposal of used needles and syringes. Providing testing, counseling, and sterile injection supplies also helps prevent outbreaks of other infectious diseases.</i> <p>SSPs save lives and help those experiencing a substance use disorder get the support needed to regain a healthy life, while reducing the impact of drug use on the community. Through SSPs, both overdoses and transmission of infectious disease including HIV can be prevented through engagement of community Persons Who Inject Drugs (PWID). (https://www.cdc.gov/ssp/index.html)</p> <p>The Communities of Concern Workgroup (COC) convened by WCHD will continue to build and maintain a network of influencers within the COC populations to assist in the implementation of harm reduction strategies. This will ensure marginalized and/or highly</p>	

stigmatized populations (COC i.e. people of color, women, transgender persons) in rural communities have access to these services.

Qualitative and quantitative data will be useful to identify gaps in service provision, improving program services and developing goals and objectives. WCHD will continue to work with the WC Coroner's office the Opioid Response Team to access current and accurate data. Additional data will also be gathered from IDPH's Opioid Surveillance Grant.

CORE STRATEGY:	NALOXONE OR OTHER FDA-APPROVED DRUG TO REVERSE OPIOID OVERDOSES
Use(s):	Increase distribution to individuals who are uninsured or whose insurance does not cover the needed service.
The WINNIE Program provides education and training to participants on the use of naloxone to prevent overdose deaths as part of its Harm Reduction strategies. This will expand into the rural and underserved communities in Winnebago County. This effort will align with the WCHD Drug Overdose Prevention Program to provide rescue effort training throughout Winnebago County.	

Have you applied to other funding sources to implement all, or parts, of this project?

Please describe. Include funding source, year, amount, whether the application was successful, and relevant information:

The Drug Overdose Prevention Program (DOPP) is currently funded by an Illinois State Opioid Response Grant funded by Illinois Department of Human Services – Division of Substance use Prevention and Recovery.

WCHD and UIC College of Pharmacy submitted a grant proposal to the Winnebago County Mental Health Board for 2024-2027 in the amount of \$6,747,320.14 that was not funded.

WCHD applied for “Implementing Overdose Prevention Strategies at the Local Level” IPPSLL funding from NACCHO in the amount of \$244,013.70 in 2022 to provide a syringe program but it was not funded.

Currently, WCHD is applying for funds from the US Department of Justice, Office of Justice Programs, Bureau of Justice Assistance to provide a Comprehensive Opioid, Stimulant, and Substance Use Site-Based Program.

<p>The Winnebago County Jail has been working with technical assistance providers for over a year to implement medicated assistance treatment (MAT), an evidence-based therapy for the treatment of opioid use disorder. previously incarcerated in the Winnebago County Jail. The Peer Navigator will support individuals in treatment and recovery in the following ways:

1. **Continuity of Care:** When individuals transition out of jail, continuity of care is crucial. Peer navigators, individuals who have lived experience with addiction and recovery, help facilitate this transition by connecting them with community resources, treatment facilities, support groups, and medical professionals to ensure they continue their MAT and receive ongoing support.
2. **Addressing Barriers to Treatment:** Peer navigators are adept at identifying and addressing barriers to treatment adherence. They assist with issues such as transportation to appointments, access to resources, understanding medication regimens, and addressing misconceptions or concerns about treatment.
3. **Empowerment and Support for Reintegration:** Peer navigators empower individuals by providing guidance on building a sober support network, finding employment opportunities, accessing educational resources, and navigating the challenges of reintegration into society after incarceration.
4. **Enhanced Engagement and Support:** Peer navigators can establish trust and rapport with incarcerated individuals undergoing MAT in ways other cannot. Their shared experiences increases engagement, and provides a relatable support system.
5. **Improved Treatment Adherence:** Peer navigators help individuals understand the importance of adhering to their MAT regimen, ensuring they take their medications as prescribed. This guidance and support can contribute to better treatment outcomes and reduced relapse rates.
6. **Cultural Competence and Understanding:** Peers often have cultural competence and understanding of the unique challenges faced by individuals in the criminal justice system, especially those related to addiction and recovery. This bridges communication gaps and fosters a more effective support system.
7. **Reduced Recidivism:** By providing support and resources that aid in successful reentry into the community, MAT peer navigators contribute to reducing recidivism rates among individuals with substance use disorders.

Integrating a MAT peer navigator within the jail population's treatment framework will significantly improve the quality of care, increase treatment adherence, and facilitate successful reentry into the community, ultimately contributing to better overall outcomes for individuals struggling with substance use disorders. This final phase of implementation is crucial to the success of the MAT program.

Have you applied to other funding sources to implement all, or parts, of this project?

Yes No

Please describe. Include funding source, year, amount, whether the application was successful, and relevant information:

The Winnebago County Mental Health Board funds the 1.7 million dollar mental health program in the jail. The WCCMHB increased our funding in 2023 to include MAT. In 2024, we applied to the WCCMHB for 1 vehicle to support the Navigator program.

This request is for the staff, one Navigator. In 2023 we applied for a Navigator through a one-year BJA grant but were not successful. In following up with BJA it was simply due to having too many applicants.

Budget Detail Worksheet and Narrative

Personnel / Salary– List each position by title and name of employee, if available. Show the annual salary rate and the percentage of time to be devoted to the project. Compensation paid for employees engaged in grant activities must be consistent with that paid for similar work within the applicant organization.

Name/Position	Computation	Cost
TBD / Peer Navigator	50000 (annual salary) x 2 (years)	100,000
TOTAL SALARY		\$100,000

SALARY NARRATIVE:

The Peer Navigator will assist individuals participating in MAT programming, primarily in the Winnebago County Jail but may include other county criminal justice department MAT clients. Navigator will provide coordinated case management including transportation to MAT related treatment, meetings, court appointments, and other services relevant to their recovery and well-being.

50,000 (annual salary) x 2 (years) = \$100,000.00

A. Fringe Benefits—Fringe benefits should be based on actual known costs or an established formula. Fringe benefits are for the personnel listed in budget category (A) and for 100% time devoted to the project.

Name/Position	Computation	Cost
TBD / Peer Navigator	7,650 (FICA @ 7.65%) + 1,700 (Retirement @ 1.7%) + 27,851 (Health Year 1) + 27,851 (Health Year 2) + 45.50 (Life Year 1) + 45.50 (Life Year 2)	65,143
TOTAL FRINGE		\$65,143

FRINGE NARRATIVE:

Navigator Fringe: 7,650 (FICA @ 7.65%) + 1,700 (Retirement @ 1.7%) + 27,851 (Health Year 1) + 27,851 (Health Year 2) + 45.50 (Life Year 1) + 45.50 (Life Year 2) = \$65,143 Fringe, years 1 & 2

B. Travel -- Itemize travel expenses of project personnel by purpose (e.g., staff to training, field interviews, advisory group meeting, etc.). Indicate source of Travel Policies applied, Applicant or Federal Travel Regulations.

Purpose of Travel	Location	Item	Computation	Cost
Client Transportation to opioid-related appts.	Local	Mileage	75 (miles) x 0.67 (rate) x 104 (weeks)	5,226
TOTAL TRAVEL				\$5,226

TRAVEL NARATIVE:

Funding for transportation is crucial as the navigator is responsible for transporting clients to treatment appointments, local service providers, court appointments (related to opioid use disorder), and to support group meetings.

75 (miles) x 0.67 (rate) x 104 (weeks) = \$5,226 (2 years)

PROPOSAL

Please submit your proposal using this template. Identify the **Core Strategy** and **Use** you determine to be the most appropriate use of funds. Please describe your proposed project to include evidence of need, as well as a description of proposed use for each Core Strategy. If you propose to address more than one Use in a Core Strategy, please clearly identify each Use within the narrative:

CORE STRATEGY:	Expansion of Warm Hand-Off Programs and Recovery Services: Provide comprehensive wrap-around services to individuals in recovery through transportation assistance.
Uses(s):	(B.) Support People in Treatment and Recovery: Provide Comprehensive wrap around services to individuals with OUD and any co-occurring SUD/MH Conditions including transportation. Provide or support Transportation to treatment or recovery programs or services for persons with OUD and any co-occurring SUD/MH conditions. (D.) Address the Needs of Criminal Justice-Involved Persons: Support Treatment and recovery courts that provide evidence-based options for persons with OUD and any co-occurring SUD/ MH conditions.

The Problem-Solving Courts (PSC) are treatment courts that provide wrap around treatment and intensive court supervision to participants to high risk and high need clients. These Court programs consist of Drug Court, TIP (mental health) Court, Veterans Court, Family Recovery Court, and Youth Recovery Court. These programs serve clients with severe substance use disorders and provide wrap around treatment services through residential treatment, intensive outpatient treatment, medication assisted treatment, recovery coaching, and therapy services. Of these participants, many have a diagnosis of Opioid Use Disorder (OUD) and those that do not have either a diagnosis of Substance Use Disorder or meet the criteria for Opioid Remediation Uses by have a Substance Use Disorder and/or Mental Health condition that puts them at risk of developing an OUD.

During the course of the participants' time in a Problem-Solving Court, the participant will be required to come to the Probation Department or Criminal Justice Center to provide a drug test a minimum of two to three times weekly as well as attend multiple treatment groups and individual therapy appointments per week. Many of the participants in the Problem-Solving Courts are indigent and have very little resources and therefore have significant limitations to transportation.

PSC participants that qualify for Medicaid may be able to set up Insurance funded transportation to some of their treatment services however this service is not available to all Medicaid clients and it is not allowable for transportation to court required drug testing or probation officer visits. When clients first enter the treatment courts, they often do not have insurance established and Lyft cards would assist in ensuring the clients are able to attend all of their treatment services and drug testing as required.

The PSC programs have been able to secure funding through grants to support bus passes for participants through Rockford Mass Transit (RMT), however there is a gap in transportation support as not all participants reside near a RMT bus route. Transportation support is being requested through Lyft gift cards in the amount of \$25 each to provide to clients for single use transportation arrangements to attend treatment, court, probation appointments, and drug tests while they are enrolled in the PSC. These Lyft cards would be tracked and inventoried and provided to clients that are either experiencing financial difficulty or to those that are just getting established in the program. The team will assist them on achieving transportation security through their program goals of obtaining valid driver's licenses, employment, and/ or benefits so they will not need the additional support of Lyft cards long term.

By removing barriers to accessing treatment, such as transportation issues, clients are more likely to follow through with treatment services to achieve recovery. The monitoring of random and frequent drug testing ensures that those with substance use disorders are maintaining sobriety while working towards long term recovery. The ability to provide Lyft cards to those struggling with transportation would greatly improve compliance with attending the much needed treatment services.

Have you applied to other funding sources to implement all, or parts, of this project?

TOTAL SUPPLIES		\$10,000

SUPPLY NARRATIVE:

The Problem-Solving Courts have approximately 245 participants at any given time enrolled in the treatment court programs. The approximate cost of a Lyft ride from towns within Winnebago County that are outside of the RMT bus route to the Courthouse area is approximately \$20-\$25 per ride. As RMT bus passes will still be utilized for all clients that reside near a bus route it is estimated that the PSC clients would utilize approximately 200 cards in the amount of \$25 per year would serve a total of 100 rides roundtrip for a total cost of \$5,000. The 17th Judicial Circuit is requesting funding for a two year period to support Lyft rides for treatment court participants for a total request of \$10,000 over the course of 2 years.

Background Information:

This is to change the name for Regional Planning & Economic Development Department to Community Development. Regional Planning & Economic Development Department (RPED) has recently had duties and responsibilities change. Planning, Zoning, and Building Divisions will remain together under the proposed department title of, “Community Development”. Economic Development Division will shift to the Board Office. These responsibility shifts are the reasoning for the name change, which will also lessen confusion for customers.

INTERGOVERNMENTAL AGREEMENT
BY AND BETWEEN THE COUNTY OF WINNEBAGO
AND THE GREATER ROCKFORD AIRPORT AUTHORITY
FOR KISHWAUKEE ROAD IMPROVEMENTS

THIS INTERGOVERNMENTAL AGREEMENT (hereinafter referred to as "Agreement") made this 25th day of July, 2024 by and between the County of Winnebago, an Illinois body politic and corporate, (hereinafter referred to as the "County"), and, the Greater Rockford Airport Authority, an Illinois municipal corporation formed under the Illinois Airport Authorities Act (hereinafter referred to as the "Authority"). The County and Authority are collectively referred to herein as "Parties" or individually as a "Party".

RECITALS

WHEREAS, Article VII, Section 10(a) of the Constitution of the State of Illinois (1970) provides that units of local government may jointly contract or otherwise associate to obtain or share services and to exercise, combine or transfer any power or function in any manner not prohibited by law or by ordinance; and

WHEREAS, Article VII, Section 10(a) of the Constitution of the State of Illinois further provides that units of local government may use their credit, revenues, and other resources to pay costs and to service debt related to intergovernmental activities; and

WHEREAS, the Intergovernmental Cooperation Act, 5 ILCS 220/1 *et seq.*, provides that any powers, functions or authority exercised, or which may be exercised by a public agency of the State of Illinois may be exercised, combined, transferred, and enjoyed jointly with any other public agency of the State and jointly with any public agency of any state or of the United States to the extent that laws or such other state or of the United States do not prohibit joint exercise or enjoyment and except where specifically and expressly prohibited by law; and

WHEREAS, the Parties are entering into this Agreement pursuant to and in accordance with the aforementioned Constitution and statutory authorities; and

WHEREAS, the County owns and is responsible for the maintenance of Kishwaukee Road including the section that is adjacent to property owned by the Authority; and

WHEREAS, due to recent expansions at the Airport, it is necessary to rebuild and widen certain sections of Kishwaukee Road as identified on Exhibit A attached here to and incorporated herein by reference; and

WHEREAS, that portion of Kishwaukee Road identified on Exhibit A is used by multiple tenants and freight carrier servicing cargo flights at the Authority as well as the general public; and

WHEREAS, in order to ensure safe passage of that section of Kishwaukee Road identified on Exhibit A hereto and for the public safety of all of those using that road, the County and the Authority agree that it is in the best interest of the public for that section of the road to be rebuilt and widened (the "Project").

NOW, THEREFORE, for good and valuable consideration, the County and the Authority agree as follows:

THE PROJECT

1. **Incorporation of Recitals.** The recitals set forth above are true and accurate and are incorporated herein by reference.

2. **Total Estimated Costs.** The estimated cost of the rebuild and the expansion of Kishwaukee Road for the road improvements set forth on Exhibit A is Seven Hundred Thousand Dollars (\$700,000.00).

3. **Authority Contribution.**
a. The Authority agrees to pay all of the design and engineering costs associated with the Project. In addition, the Authority agrees to pay the County one hundred thousand dollars (\$100,000.00) as its contribution to the construction costs of the Project within 45 days after the County has awarded a construction contract.

b. As part of the Authority's role in the design work for the Project, the Authority will work with the County's Highway Department to ensure all requirements pursuant to county ordinances, policies and state law are met.

4. **County Contribution.** The County agrees to move forward with the reconstruction of Kishwaukee Road as identified on Exhibit A hereto in accordance with County ordinances, policies and state law. The County shall be responsible to pay all costs associated with the Project other than design and engineering fees and the one hundred thousand dollars (\$100,000.00) to be paid by the Authority towards the cost of construction.

MISCELLANEOUS PROVISIONS

5. **Remedies.** Upon violation of any of the terms of this Agreement that is not cured within thirty (30) days, or any extension thereof, of written notice thereof from one Party to another, the aggrieved Party or Parties shall have all rights and remedies afforded to it under the

law. If such breach of this Agreement cannot be cured within such thirty (30) day period, said thirty (30) day period shall be extended for such time as is reasonably necessary for the curing of the same, as long as the one Party is diligently proceeding to cure such breach.

6. Attorneys' Fees. In the event of a default and/or litigation arising out of enforcement of this Agreement, the Parties acknowledge and agree that each Party will be responsible for their own costs, charges, expenses (including, without limitation, and their own attorney's fees and costs) arising as a result thereof.

7. Notices. All notices, approvals, demands and other documents required or permitted under this Agreement, other than routine communications necessary for the day-to-day operation of the Project, shall be deemed properly given if hand delivered or sent by United States mail, postage prepaid, to the following addresses:

As to the County: Winnebago County Board Chairman
County of Winnebago, Illinois
404 Elm Street, Room 533
Rockford, IL 61101

With a copy to: Winnebago County State's Attorney
400 West State St., Suite 619
Rockford, IL 61101

As to the Airport: Executive Director
Greater Rockford Airport Authority
60 Airport Drive
Rockford, IL 61109

With a copy to: Thomas J. Lester
Allen Galluzzo Hevrin Leake, LLC
839 N. Perryville Road, Suite 200
Rockford, IL 61107

8. Amendments. This Agreement may be amended by written instruction executed by the Parties hereto, acting therein by their duly authorized representatives.

9. Severability. If any term or provision of this Agreement or the application thereof to any person or circumstances shall, to any extent, be held invalid or unenforceable, the remainder of this Agreement, or the application of such term or provision to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby, and each

remaining term and provision hereof shall be deemed valid and enforced to the fullest extent permitted by law.

10. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the state of Illinois. Any action brought in connection with this Agreement will be brought exclusively in the courts of competent jurisdiction located in Winnebago County, Illinois, and the parties submit to jurisdiction and venue in Winnebago County, Illinois, and waive any defenses or objections to same.

11. Assignment. Neither Party shall assign or transfer any of its interests in or obligations under this Agreement without the prior written consent of the other Party.

12. Waiver. No terms or provisions hereof shall be deemed waived and no breach excused, unless such waiver or consent shall be in writing and signed by the Party claimed to have waived or consented. Any consent by any Party to, or waiver of, a breach by the other, whether express or implied, shall not constitute consent to, waiver of, or excuse for any other different or subsequent breach.

13. Counterparts. This Agreement may be executed in several counterparts, each of which shall be deemed an original and all of which shall constitute one and the same agreement.

14. Entire Agreement. This Agreement (including each Exhibit attached hereto, which is hereby incorporated herein by reference) constitutes the entire Agreement between the Parties hereto and it supersedes all prior agreements, negotiations and discussions between the Parties relative to the subject matter hereof. This Agreement shall be binding upon the Parties and inure to the benefit of and be enforceable by and against their respective successors, personal representatives, heirs, legatees, and assigns.

<Signature Page Follows>

IN WITNESS WHEREOF, the Parties have executed this Intergovernmental Agreement as of the date set forth above.
