TO: THE HONORABLE BOARD MEMBERS OF THE COUNTY OF WINNEBAGO, ILLINOIS

The Winnebago County Finance Committee presents the following Ordinance amending the Annual Appropriation Ordinance for the fiscal year ending September 30, 2026 and recommends its adoption.

Ordinance for a Budget Amendment for Winnebago County Health Department Award

WHEREAS, the Winnebago County Health Department along with other state health departments were provided additional legislative awards. This award will increase expenditures above the current budgetary thresholds. This amendment has been approved by the Board of Health; and,

WHEREAS, the Winnebago County Board adopted the "Annual Budget and Appropriation Ordinance" for the fiscal year ending September 30, 2026 at its September 25, 2025 meeting; and,

WHEREAS, 55ILCS 5/6-1003(2014), states, "After the adoption of the county budget, no further appropriations shall be made at any other time during such fiscal year, except as provided in this Act. Appropriations in excess of those authorized by the budget in order to meet an immediate emergency may be made at any meeting of the board by a two-thirds vote of all the members constituting such board, the vote to be taken by ayes and nays and entered on the record of the meeting."

NOW, THEREFORE, BE IT ORDAINED, that the County Board deems that pursuant to provisions as set forth in 55ILCS 5/6-1003(2014), certain conditions have occurred in connection with the operations of the County which are deemed to be immediate emergencies; therefore, the increases detailed per the attached Request for Budget Amendment are hereby authorized for Amendment **#26-017 Winnebago County Health Department Award**.

WINNEBAGO COUNTY OPIOID SETTLEMENT REQUEST FOR INTERNAL DISTRIBUTION

Department: Winnebago County Health Department

Amount Requested: \$300,000.00

PROPOSAL

Please submit your proposal using this template. Identify the **Core Strategy** and **Use** you determine to be the most appropriate use of funds. For a list of core strategies and uses, see attached Exhibit B.

Please describe your proposed project to include evidence of need, as well as a description of proposed use for each Core Strategy. If you propose to address more than one Use in a Core Strategy, please clearly identify each Use within the narrative:

SUMMARY OF PROPOSAL

Winnebago County Health Department seeks continued funding through the Winnebago County Opioid Settlement (WCOS) to support its work in the core strategies of expanding access to Medication-Assisted Treatment (MAT aka Medication Assisted Recovery/MAR or Medication for Opioid Use Disorder/MOUD; Syringe Service Programs (SSP); and Naloxone.

All three (3) strategies were initiated during fiscal years 2025 -2026 and braided funding received through the WCOS and the state of Illinois including the State of Illinois Opioid Settlement, Illinois Department of Public Health, and Illinois Department of Human Services.

The following zip codes in Winnebago County outside the city of Rockford, Loves Park, and Machesney Park will be the focus of the initiative:

61016 Cherry Valley

61024 Durand

61063 Pecatonica

61072 Rockton

61073 Roscoe

61077 Seward

61079 Shirland

61080 South Beloit

61088 Winnebago

61011, 61109, 61020, and 61008 (areas within Winnebago County)

PROGRAM DESIGN

CORE STRATEGY:	MEDICATION-ASSISTED TREATMENT (“MAT”) DISTRIBUTION AND OTHER OPIOID-RELATED TREATMENT
Uses(s):	Increase distribution of MAT (MAR) to individuals who are uninsured or whose insurance does not cover the needed service focused in rural and access challenged communities in Winnebago, County;
To reduce access barriers, especially in rural areas of the county and underrepresented groups, the Winnebago County Health Department will partner with the UIC College of Pharmacy to implement an interprofessional telehealth MAR program for rural Winnebago County residents. Individuals can solicit care directly or via provider referral. Physician-led protocols will be developed allowing clinical pharmacists to drive the medication integration. WCHD Harm Reduction staff will coordinate necessary social services including behavioral health, housing, and employment resources, rounding out the care team. Patients will schedule telehealth visits to determine a comprehensive OUD treatment plan. When patients meet protocol criteria, the pharmacist will initiate MAR therapy following the approved physician protocol. Harm Reduction Staff will identify and implement additional social services including behavioral health, housing, and other needs. Clinical pharmacists will conduct patient visits weekly to monitor and adjust MAR while Harm Reduction staff schedule appropriate follow up based on patient needs. Those who do not meet protocol criteria will be contacted by the physician team member for assessment and treatment. The telehealth team will communicate medication and social service plan to the patient’s primary care physician quarterly. The funding provided through the WCOS will reimburse local community pharmacies when an individual is uninsured or whose insurance coverage does not include the prescribed medications. The agreement with the University of Illinois College of Pharmacy has been developed and approved by both the University of Illinois Board of Trustees and the Winnebago County Board of Health as of May 2026. A lead faculty Pharmacist has been identified to work with WCHD in the development of the curriculum. Draft standing orders have been developed based on the state of Illinois standing order for Illinois MAR NOW to include both the MATMAR/MOUD and supportive medications. The lead Substance Use Prevention Specialist for the initiative was hired on February 23, 2026 and has successfully completed the 90-day introductory period.	

CORE STRATEGY:	EXPANDED SYRINGE SERVICE PROGRAMS
Use(s):	Provide comprehensive Syringe Services Programs with wrap-around services, including linkage to OUD treatment (MAT/MAR), access to and disposal of sterile syringes and injection equipment, vaccination, testing, and linkage to care and treatment of infectious diseases.
The WINNIE Harm Reduction program was expanded with previous funding to add Syringe Service Programming (SSP) for Persons Who Inject Drugs (PWID) with access to and disposal of sterile syringes and injection equipment. The WINNIE program is designed to engaged with individuals to build a “path to recovery”. As part of the continuum of care, the following services are provided through the WINNIE program: • Education, counseling, and referral to treatment (MAT/MAR/MOUD) for substance use disorders. • Naloxone training and distribution to address overdose. • Training and distribution of test strips based on data from the Coroner’s Office for drug adulterants such as fentanyl, benzodiazepine, medetomidine. • Access to pre-exposure prophylaxis against HIV infection (PrEP). • Vaccinations against vaccine preventable disease including hepatitis. • Access and education regarding the use of gun locks. • Screening/testing, treatment, and education regarding safer sex practices including condom distribution to reduce the transmission of infectious diseases including HIV, sexually transmitted infections, and viral hepatitis. WCHD partners with local community entities to provide access to the WINNIE program through formal agreement. The WINNIE Program achieved the following in 2025: • 739 individuals provided with harm reductions supplies (testing strips & syringes) • 3,964 individuals trained on how to administer naloxone to save a life • 7,377 naloxone kits distributed • 74 Red Boxes distributed to organizations • 422 outreach events/trainings conducted	

CORE STRATEGY:	NALOXONE OR OTHER FDA-APPROVED DRUG TO REVERSE OPIOID OVERDOSES
Use(s):	Increase distribution to individuals who are uninsured or whose insurance does not cover the needed service.
The WINNIE Program will continue to provide education and training to participants on the use of naloxone to prevent overdose deaths as part of its Harm Reduction continuum. WCHD will also provide naloxone under the expansion of the MAR/MAT/OD initiative (Core Strategy #1) for participating pharmacists/pharmacies to dispense and educate. WCHD will also expand its Red Box Program to businesses and community partners in Winnebago County in the focus areas to offer free naloxone at their operation locations.

WINNEBAGO COUNTY OPIOID SETTLEMENT REQUEST FOR INTERNAL DISTRIBUTION

Department: Winnebago County Coroner's Office

Amount Requested: \$59,500.00 (Two-Year Total)

PROPOSAL

Please submit your proposal using this template. Identify the **Core Strategy** and **Use** you determine to be the most appropriate use of funds. For a list of core strategies and uses, see attached Exhibit B.

Please describe your proposed project to include evidence of need, as well as a description of proposed use for each Core Strategy. If you propose to address more than one Use in a Core Strategy, please clearly identify each Use within the narrative:

SUMMARY OF PROPOSAL

The Winnebago County Coroner's Office requests \$59,500.00 in opioid settlement funding over two years to support four operational needs directly tied to opioid overdose death investigations and community prevention: (1) toxicology testing fees paid to NMS Labs for opioid-suspected cases; (2) a CPI Guardian secure property management system for the intake and storage of decedent property in suspected opioid cases; (3) CPI Guardian operating supplies (paper and plastic); and (4) Opioid Awareness Materials for community events and school tours.

Opioid overdose deaths represent a significant and sustained portion of the Coroner's Office caseload. Toxicology testing through NMS Labs is essential to confirm cause of death and identify specific substances, including fentanyl and novel synthetic opioids, in each case. These results directly support accurate overdose data and surveillance at the county level. The CPI Guardian system will ensure that personal property collected from suspected opioid decedents is inventoried, secured, and tracked with integrity from the point of intake through final disposition, supporting chain of custody and accountability in opioid-related death investigations.

Total request: \$21,250.00 per year in toxicology fees (Year 1 and Year 2) + \$11,000.00 one-time equipment purchase + \$1,000.00 CPI Guardian operating supplies + \$5,000.00 opioid awareness outreach materials = \$59,500.00.

PROGRAM DESIGN

CORE STRATEGY:	H – Prevent Overdose Deaths and Other Harms (Harm Reduction)
Uses(s):	Schedule B, Section H.13 – Supporting screening for fentanyl in routine clinical toxicology testing.
The Coroner’s Office contracts with NMS Labs to perform toxicology analysis on all cases requiring external testing. Of the 325+ total toxicology submissions per year, approximately 100–200 involve suspected opioid involvement at the time of submission, representing less than 25% of total annual submissions. Accordingly, 25% of the office’s total annual toxicology spend (\$21,250.00 of \$85,000.00) is attributed to opioid-suspected cases for purposes of this request. These tests confirm the presence of fentanyl, carfentanil, and other synthetic opioids, providing critical cause-of-death data that supports county-level overdose surveillance and public health response.	

CORE STRATEGY:	J – Leadership, Planning, and Coordination / Infrastructure and Staffing to Support Opioid Abatement
Use(s):	Schedule B, Section J.3 – Invest in infrastructure or staffing at government agencies to support collaborative, cross-system coordination related to opioid overdose abatement.
The CPI Guardian is a secure automated property management system that will be used to inventory, store, and track the personal belongings of decedents transported to the morgue in connection with suspected opioid deaths. The system ensures that evidence and personal property in opioid cases is handled with integrity from intake through final disposition. Accurate property documentation also supports chain of custody, reduces liability, and strengthens the overall quality of opioid death investigations conducted by the Coroner’s Office. One-time cost: \$11,000.00.	

GOALS/PERFORMANCE MEASURES

Goal: Enhance the Winnebago County Coroner’s Office capacity to accurately identify, investigate, and document opioid overdose deaths through sustained toxicology testing and improved evidence management infrastructure.			
Process Objectives	Performance Measures	Year 1	Year 2
Submit toxicology specimens from opioid-suspected deaths to NMS Labs for analysis	Number of opioid-related tox specimens submitted per year	325+	325+

WINNEBAGO COUNTY OPIOID SETTLEMENT

Budget Detail Worksheet and Narrative

A. Supplies

Supply Item	Computation	Cost
Toxicology Testing Fees – NMS Labs (Year 1)	\$85,000 total tox spend x 25% opioid attribution = \$21,250/yr	\$21,250.00
Toxicology Testing Fees – NMS Labs (Year 2)	\$85,000 total tox spend x 25% opioid attribution = \$21,250/yr	\$21,250.00
CPI Guardian Secure Property Management System (one-time, Year 1)	1 unit x \$11,000.00	\$11,000.00
CPI Guardian Operating Supplies – Paper and Plastic (Years 1 & 2)	Paper and plastic consumables for CPI Guardian property management system used in suspected opioid cases	\$1,000.00
Opioid Awareness Materials – Community Events and School Tours (Years 1 & 2)	Opioid awareness and prevention education materials distributed at community events and school tours over two years; Schedule B, Section G – Prevent Misuse of Opioids	\$5,000.00
TOTAL SUPPLIES		\$59,500.00

SUPPLY NARRATIVE:

Supplies requested include (1) toxicology testing fees paid to NMS Labs for opioid-suspected death investigations, at \$21,250.00 per year (Years 1 and 2). The Coroner's Office submits 325+ total toxicology cases per year to NMS Labs, of which approximately 100–200 involve suspected opioid involvement at the time of submission – less than 25% of total annual submissions. A 25% cost attribution (\$21,250.00 of \$85,000.00 total annual spend) is applied to reflect the opioid-suspected share of testing volume; (2) one CPI Guardian secure property management system at \$11,000.00 (one-time, Year 1), to inventory and secure personal property collected from decedents in suspected opioid cases; (3) CPI Guardian operating supplies (paper and plastic) at \$1,000.00 over two years; and (4) Opioid Awareness Materials at \$5,000.00 over two years, for use at community events and school tours to support opioid prevention education (Schedule B, Section G). Total supplies: \$59,500.00.

WINNEBAGO COUNTY OPIOID SETTLEMENT REQUEST FOR INTERNAL DISTRIBUTION

Department: Winnebago County Jail

Amount Requested: \$300,000.00

PROPOSAL

Please submit your proposal using this template. Identify the **Core Strategy** and **Use** you determine to be the most appropriate use of funds. For a list of core strategies and uses, see attached Exhibit B.

Please describe your proposed project to include evidence of need, as well as a description of proposed use for each Core Strategy. If you propose to address more than one Use in a Core Strategy, please clearly identify each Use within the narrative:

SUMMARY OF PROPOSAL

The Winnebago County Jail recently implemented a Peer Navigator program to support individuals with substance use disorders as they transition from incarceration back into the community. Early outcomes have been positive, demonstrating increased engagement with treatment, recovery supports, and continuity of care upon release. The Peer Navigator program is part of a broader \$1.9 million jail-based mental health and substance use treatment initiative funded by the Winnebago County Mental Health Board.

In 2023, the Winnebago County Mental Health Board expanded funding for the jail program to include Medication Assisted Treatment (MAT) services. In 2024, additional support was awarded in the form of a vehicle dedicated to the Peer Navigator program.

Using the awarded vehicle, the Peer Navigator provides mobile recovery support services to individuals leaving the Winnebago County Jail. This includes transporting participants directly to inpatient treatment, recovery meetings, medical appointments, and other recovery-related services and supports. The Navigator also assists individuals in overcoming barriers to treatment and reintegration, including transportation, resource navigation, and connections to community-based care.

The Peer Navigator, who is pursuing Certified Peer Recovery Specialist (CPRS) credentials, plays a critical role in expanding warm hand-off services and improving continuity of care for justice-involved individuals receiving MAT and recovery support services. Through lived experience, mentorship, and individualized support, the program aims to increase treatment

adherence, reduce relapse and overdose risk, strengthen recovery outcomes, and reduce recidivism among individuals transitioning from jail to the community.

PROGRAM DESIGN

CORE STRATEGY:	EXPANSION OF WARM HAND-OFF PROGRAMS AND RECOVERY SERVICES / TREATMENT FOR INCARCERATED POPULATION
Uses(s):	SUPPORT PEOPLE IN TREATMENT AND RECOVERY / CONNECT PEOPLE WHO NEED HELP TO THE HELP THEY NEED (CONNECTIONS TO CARE) / ADDRESS THE NEEDS OF CRIMINAL JUSTICE-INVOLVED PERSONS / PREVENT OVERDOSE DEATHS AND OTHER HARMS (HARM REDUCTION)

This request is for one (1) Peer Navigator to support individuals transitioning out of the Winnebago County Jail. The Navigator will participate in online training to become a Certified Peer Recovery Specialist (CPRS). The Navigator will maintain all records in a secure case management system.

Because this is a mobile position that involves assisting individuals from jail or court to their treatment provider or meetings, the Navigator will utilize the SUV provided by the Winnebago County Mental Health Board to support the project. The SUV will only be used by the Navigator requested through this proposal.

The Peer Navigator will play a crucial role in supporting individuals within the jail population who are receiving MAT for substance use disorders. Dependent on capacity, they may also provide these same services to other county criminal justice MAT clients provided they were previously incarcerated in the Winnebago County Jail. The Peer Navigator will support individuals in treatment and recovery in the following ways:

1. **Continuity of Care:** When individuals transition out of jail, continuity of care is crucial. Peer navigators, individuals who have lived experience with addiction and recovery, help facilitate this transition by connecting them with community resources, treatment facilities, support groups, and medical professionals to ensure they continue their MAT and receive ongoing support.
2. **Addressing Barriers to Treatment:** Peer navigators are adept at identifying and addressing barriers to treatment adherence. They assist with issues such as transportation to appointments, access to resources, understanding medication regimens, and addressing misconceptions or concerns about treatment.

3. **Empowerment and Support for Reintegration:** Peer navigators empower individuals by providing guidance on building a sober support network, finding employment opportunities, accessing educational resources, and navigating the challenges of reintegration into society after incarceration.
4. **Enhanced Engagement and Support:** Peer navigators can establish trust and rapport with incarcerated individuals undergoing treatment in ways other cannot. Their shared experiences increase engagement, and provides a relatable support system.
5. **Improved Treatment Adherence:** Peer navigators help individuals understand the importance of adhering to their treatment program, ensuring they take any medications as prescribed. This guidance and support can contribute to better treatment outcomes and reduced relapse rates.
6. **Cultural Competence and Understanding:** Peers often have cultural competence and understanding of the unique challenges faced by individuals in the criminal justice system, especially those related to addiction and recovery. This bridges communication gaps and fosters a more effective support system.
7. **Reduced Recidivism:** By providing support and resources that aid in successful reentry into the community, peer navigators contribute to reducing recidivism rates among individuals with substance use disorders.

The peer navigator within the jail population's treatment framework significantly improves the quality of care, increase treatment adherence, and facilitate successful reentry into the community, ultimately contributing to better overall outcomes for individuals struggling with substance use disorders.

The funding also covers an Overdose Device. This device is a multi-mission portable handheld mass spectrometer for real-time chemical identification, to conduct chemical, explosive, priority drug and HazMat operations. \$97,543.00

GOALS/PERFORMANCE MEASURES

Instructions: Complete the blanks in table below using projected objectives for the funded year. Your data report will reflect these numbers. Please note that any change to objectives will need to be approved by Winnebago County Administration. *Must include number served for each service/year.*

Please describe your proposed project to include evidence of need, as well as a description of proposed use for each Core Strategy. If you propose to address more than one Use in a Core Strategy, please clearly identify each Use within the narrative:

SUMMARY OF PROPOSAL

The 17th Judicial Circuit Court's Problem-Solving Court programs—including Drug Court, Therapeutic Intervention Program (TIP) Court, and Veterans Court—provide evidence-based substance use and mental health treatment, intensive court supervision, and comprehensive case management services to approximately 215 participants at any given time. These programs serve justice-involved adults with substance use disorders and co-occurring mental health conditions, many of whom have experienced significant trauma and face substantial socioeconomic barriers to recovery.

To support long-term recovery and successful community reintegration, the Court is seeking funding to provide financial assistance for recovery housing placement. Participants transitioning from jail or residential treatment frequently lack the financial resources necessary to secure safe, stable housing. Recovery homes in Winnebago County provide structured, substance-free living environments that promote accountability, peer support, employment readiness, and continued engagement in treatment services.

Grant funds will be used to cover move-in fees and initial rental costs for eligible participants who demonstrate financial need. Payments will be made directly to approved recovery housing providers, ensuring accountability and proper use of funds. Participants will be limited to assistance for move-in expenses and the first month of rent, with a maximum of two housing assistance benefits per participant.

By removing financial barriers to recovery housing, this project will increase access to stable housing, reduce homelessness and recidivism, improve treatment retention, and strengthen participants' ability to achieve and maintain long-term recovery. The project supports the continuum of behavioral health care and advances public safety by helping participants establish the stability necessary for successful reintegration into the community.

The Winnebago County Problem-Solving Courts receives funding through Adult Redeploy Illinois (ARI) to support services for the Drug Court and TIP Court programs yearly. The Winnebago County Drug Court clinical services are primarily funded through a 5-year SAMHSA grant that is set to conclude in 2028. At that time, ARI funds are expected to continue however the Winnebago County Drug Court will be seeking support to continue clinical services. In planning for this need, the Court is not seeking to expand services into a larger request for Opioid Settlement Funding at this time and plans to seek a larger request of support in 2028 to continue the vital clinical services.

PROGRAM DESIGN

CORE STRATEGY:	Expansion of Warm Hand-Off Programs & Recovery Services: Provide comprehensive wrap-around services to individuals in recovery through recovery housing assistance.
Uses(s):	(B.) Support People in Treatment & Recovery (D.) Address the Needs of Criminal Justice-Involved Persons through providing access to housing for people with OUD and any co-occurring substance use disorder/ mental health condition.
The Problem-Solving Court programs (treatment courts) provide mental health and substance use treatment to participants with wrap around case management services and intensive court supervision. Participants in these programs have eligible substance use disorders or co-occurring mental health conditions. The majority of participants report significant traumatic histories in childhood or as adults at the time of assessment. These programs adhere to the Illinois Problem-Solving Court Standards and the nationally set best practices to ensure fidelity to the models that are established. The Drug Court, Therapeutic Intervention Program (TIP) Court, and Veterans Court serve adults involved in the criminal courts.	

On average, there are 215 participants enrolled in the adult treatment courts at any given point in time. Participants are often sentenced to a term of 36 months of probation and are in the programs for a lengthy time to ensure that all treatment services required are provided and the participant is able to achieve stability. Currently grant funds ensure access to residential treatment services and outpatient treatment services. The majority of the participants are low income and are faced with housing insecurity when they complete residential treatment or when starting the program. Therefore, we are requesting funding to assist with placement in recovery housing for these participants.

There are on average eight (8) different recovery homes in Winnebago County that the treatment court teams utilize to find stable housing while participants are transitioning from residential treatment to outpatient treatment. Recovery housing is very important for participants to develop a solid foundation of recovery by ensuring there is peer support, accountability, and safe housing. The move in cost and first month's rent is often required however these participants are entering the homes from jail or residential treatment and have either no funds or very limited funding available to them. Funding to be provided to the recovery homes to assist those participants that need financial assistance for the move-in and first month's rent would ensure that participants are not resorting to sleeping in unsafe locations in the community or staying outside.

Many of the recovery homes in our community require a move-in fee ranging between \$100-\$150 per person. The first week's rent generally ranges from \$125-\$175. Each recovery home has a slightly different pay structure with some requiring a monthly payment and others require weekly payments.

Recovery housing is a critical part of the continuum of behavioral health treatment as it breaks the cycle of homelessness and incarceration by providing stable living environments with peer accountability to ensure a safe and substance-free living space. Participants who leave jail or residential treatment and do not enter recovery housing often return to the same environments where they were using drugs previously. In an effort to ensure participants have the best likelihood of success, transitioning to a recovery home helps them to establish a recovery support system and build their recovery capital as they are starting outpatient treatment services. Additionally, many of the local recovery homes are familiar with reporting compliance to the Court and Probation Departments for wrap-around services and monitoring. The 17th Judicial Circuit Court would pay the recovery homes the participant fees directly upon receiving an invoice for service to ensure funds are not being mis-used by participants. Participants would request financial assistance by completing a form that is submitted to the Treatment Court Team to ensure funds are being allocated to participants that are without financial means to fund the start of their services and funds would be limited to move in fees and first month's rent only. Each participant in the treatment courts would be eligible to a maximum of 2 separate recovery housing financial assistance benefits. To ensure compliance

with these rules, the Problem-Solving Courts Department would keep a ledger of the use of Recovery Housing funds.

By removing barriers to accessing recovery housing, participants are more likely to continue their treatment services to achieve and maintain recovery. Recovery homes assist residents with establishing employment, budgeting for future independent living, and navigating more permanent housing resources which not only benefits the client but the community in reducing recidivism and homelessness.

2026 CR

RESOLUTION ESTABLISHING THE SALARY OF THE WINNEBAGO COUNTY PUBLIC DEFENDER

WHEREAS, pursuant to 55 ILCS 5/3-4007 of the Counties Code, the County of Winnebago, Illinois is responsible for the salary of the Winnebago County Public Defender; and

WHEREAS, Section 3-4007 further provides that “if the public defender is employed full-time in that capacity, his or her salary must be at least 90 % of that county’s State’s attorney’s annual compensation”, 66 2/3% of which is to be reimbursed by the State; and

WHEREAS, 55 ILCS 5/4-2001 of the Counties Code establishes the methods used to set the salary of the Winnebago County State’s Attorney, and specifically the Winnebago County State’s Attorney’s annual salary along with any cost-of-living adjustments is set and authorized by the Compensation Review Board on an annual basis in July; and

WHEREAS, the General Assembly has recently increased the salary of the Winnebago County State’s Attorney necessitating an adjustment in the salary of the Winnebago County Public Defender.

NOW, THEREFORE, BE IT RESOLVED, by the County Board of the County of Winnebago, Illinois that effective upon on the same date as the Winnebago County State’s Attorney’s annual salary adjustment, the Winnebago County Public Defender’s salary shall be adjusted to be at least 90% of the Winnebago County State’s Attorney’s annual salary as it set by the State of Illinois pursuant to 55 ILCS 5/4-2001 of the Counties Code inclusive of any cost-of-living adjustments as authorized by the Compensation Review Board.

BE IT FURTHER RESOLVED, that this Resolution shall be in full force and effective immediately upon its adoption and the Clerk of the County Board is hereby authorized to prepare and deliver certified copies of this Resolution to the Chief Judge of the 17th Judicial Circuit, the Winnebago County Public Defender and the Winnebago County Finance Department.

Effective Date: 7/1/2026

A Cost of Living Adjustment (COLA) increase has been granted for fiscal year 2027 for the position of state's attorney and assistant state's attorney. Below is a summary of the base salary. Reimbursement amounts are shown on the following page.

Base Salary	4.1% COLA	Salary
\$219,325.62	\$8,992.35	\$228,317.97

A summary of the reimbursable amount can be found on the following page. Per 55 ILCS 5/4-2001, the State of Illinois shall furnish 66 2/3% of the total annual compensation to be paid to each state's attorney in Illinois based on the salary in effect on December 31, 1988, and 100% of the increases in salary taking effect after December 31, 1988. For this reason the reimbursable amounts on the following page may be less than the actual salary paid as provided above.

Note: Public defender and sheriff salary reimbursement information can also be found on the following page.

Resolution Executive Summary For CIP Projects

Prepared By: Purchasing Department for Winnebago County Sheriff's Office
Committee Name: Operations and Administrative Committee
Committee Date: July 16, 2026
Board Date: July 23, 2026
Resolution Title: Resolution Awarding Purchase of Ferromagnetic Detection Systems for the Winnebago County Sheriff's Office Using CIP 2026 Funds

Budget Information

Budgeted? YES	Amount Budgeted? \$38,380
If not, originally budgeted, explain the funding source?	
If CIP funded, original Board approved amount? \$38,380	
Over or Under approved amount? UNDER	By: \$2,750
Reason for CIP increase?	
ORG/OBJ/Project Codes: 82200-42267-C2605 Descriptor: CIP 2026	
Budget Impact? \$35,630	

Background Information: The Winnebago County Sheriff's Office (WCSO) is requesting approval to purchase two (2) ferromagnetic detection systems using CIP 2026 funds. This requested device is a portable metal detector. The existing systems, purchased in 2017, consist of two (2) Metrasens Cell Sense units. The Sheriff's Office identified the need for upgraded security technology that provides portability for security screenings, as well as audit trail capabilities to support internal investigations and court documentation.

In April, the Purchasing Department issued RFP 26P-2469 for a similar replacement system that could meet the County's operational and security requirements. Other solutions were airport and healthcare field related. The Metrasens solution has direct experience in the corrections environment as well as a more local corporate office that is accessible to the County. This system is the next upgrade for the current system being utilized, which is a Metrasens product.

Based on this review, Metrasens, Inc. presented the best offer capable of meeting all required specifications (See Resolution Exhibit A). The Metrasens Ultra Silver system is provided with a standard one-year warranty for parts and labor.

Recommended By: Sheriff Gary Caruana and Major Ashlyn Fernandes

Follow-Up Steps: Purchasing Department will issue a Purchase Order to Metrasens, Inc. in the amount of \$35,630.

Background Information: The Winnebago County Sheriff's Office (WCSO) requested the purchase of one (1) 2026 Ford Transit 350 vehicle using CIP 2026 funds. The Purchasing Department and the Sheriff's Office reached out for quotes and availability. Karl Emergency Vehicles & Apparel provided vehicle quotes and specialized outfitting options (See Resolution Exhibit A). This is a cost-effective option for the County utilizing government pricing. It also provides a one-stop shop for all vehicle outfitting. This vehicle is actively used for inmate transportation including transfers to and from other correctional facilities, medical appointments and transporting federal inmates to the Federal Court Facility in Chicago. This vehicle will be replacing a 2009 Ford E150 van with 62,686 miles.

Resolution Executive Summary

Prepared By: Purchasing Department
Committee Name: Operations and Administrative Committee
Committee Date: July 16, 2026
Board Date: July 23, 2026
Resolution Title: Resolution Awarding Exterior Precast and Caulking Repairs to the Public Safety Building Using Owner Direct Funds

Budget Information:

Budgeted? YES	Amount Budgeted? \$190,000
Over or Under approved amount? OVER	By: \$42,545
ORG/OBJ/Project Codes: 82200-46320-C2615 Budget Impact? \$232,545	Descriptor: PSB Owner Direct - CIP

Background Information:

As part of the ongoing Public Safety Building renovation project, exterior precast caulking repairs have been identified as a critical priority. Given the building's multi-level design, replacing the aging joint sealants is essential to prevent water infiltration and ensure long-term structural longevity.

Invitation for Bid: 26B-2478 was issued late May 2026. Four (4) bids were received, with Otto Baum being named as the lowest most responsible bidder. The work is expected to take less than 3 months to complete, with coordination between exterior roofing, landscaping and power washing all coordinated on top of the precast and caulking repairs.

This item will be funded through the owner-direct budget. While the cost is slightly higher than initially estimated, the variance will be fully offset by realized savings in technology procurement, resulting in no net impact to the overall project budget.

Recommended By: Core Public Safety Building Team, Chris Dornbush, Shawn Franks, Ted Seele, Hope Edwards and Huffman & Keel Consultants.

Follow-Up Steps: Purchasing Department will process the purchase order to Otto Baum.

Pricing and Availability Notice

Due to ongoing supply chain challenges, some hardware manufacturers cannot guarantee product availability or pricing until the product is shipped. While we make every effort to honor quoted pricing, if a hardware manufacturer increases its price to CDW after a quote is issued or order is accepted, we may need to update your quoted price to reflect that change irrespective of any timeframes or validity periods set forth in the quote, including up to the date of shipment. In the event of a price adjustment, we will notify you prior to shipment. Any price adjustment would only occur if the hardware manufacturer increases its pricing to CDW.

Document Title:

Resolution Authorizing The County Of Winnebago, Illinois And Ringland-Johnson Construction To Execute A Change Order To The PSB Project To Modernize The 5th PSB Elevator Using Contingency And PSB Owner Direct Funding

County Code:

Board Meeting Date:

Thursday, July 23, 2026

Budget Information:

Was item budgeted? No	Appropriation Amount:
If not, explain funding source: PSB Owner Direct - CIP & Contractor Construction Contingency	
ORG - OBJ - Project Code: 82200-46320-C2615	Budget Impact: Up to \$200,000

Background Information:

Public Safety Building (PSB) has a total of 5 elevators, 4 of which are part of the building renovation project contract. Two are being fully replaced on the east side and 2 of the 3 are being refurbished on the west side. As such, there is some contractor construction contingency lasting from the original \$32 million that will be used to refurbish the 5th elevator on the west side, however there is not enough to cover the entire estimated amount of \$200,000. The cost will be initially covered by the remaining amount of the contractor construction contingency and the balance will come from savings on the owner-direct budget (2026-CO-018) to cover the cost of the 5th elevator. This will help strategically to be able to fully utilize the building for current use and future build out use.

Recommendation:

Administration supports the continued efforts to purposely update the PSB to be utilized for better current and future use as part of the overall construction project for the renovation of the PSB.

Contract/Agreement:

Legal Review:

Yes

Follow-Up:

Administration will continue to provide regular updates to Committee and the County Board throughout the PSB project.

WHEREAS, the Winnebago County Board desires to submit the following advisory public question of restoring local zoning authority to counties to regulate, approve, or deny large-scale commercial energy and industrial developments, to the electors of the County of Winnebago, Illinois at the next regularly scheduled General Election to be held on November 3, 2026.

NOW, THEREFORE, BE IT RESOLVED, by the County Board of the County of Winnebago, Illinois, as follows:

Section 1. Incorporation of Recitals. That the foregoing recitals shall be and are hereby incorporated as findings of fact as if said recitals were fully set forth herein.

Section 2. Submission of Advisory Public Question. Pursuant to Article 28 of the Illinois Election Code, the Winnebago County Board hereby directs that the following advisory public question be placed on the ballot in the County of Winnebago to be voted on by all qualified electors at the next regularly scheduled General Election to be held on November 3, 2026:

SHOULD ILLINOIS LAW BE AMENDED TO RESTORE LOCAL ZONING AUTHORITY BY ALLOWING COUNTIES TO REGULATE, APPROVE, OR DENY LARGE-SCALE COMMERCIAL ENERGY AND INDUSTRIAL DEVELOPMENTS, INCLUDING COMMERCIAL SOLAR FACILITIES AND DATA CENTERS, IN ORDER TO PROTECT AGRICULTURAL LAND AND LOCAL COMMUNITY INTERESTS?

YES	NO
-----	----

Section 3. County-Wide Submission. The advisory public question is authorized and shall be submitted to all qualified electors of the County of Winnebago, Illinois, and shall appear on the ballot at the next regularly scheduled General Election to be held on November 3, 2026, in substantially the form set forth in Section 2 of this Resolution, and in accordance with all applicable provisions of Illinois law.

Section 4. Certification and Filing. The County Clerk of the County of Winnebago and all other proper officers and employees of Winnebago County are authorized and directed to take all steps necessary to certify and submit this advisory public question to the appropriate election authority or authorities in accordance with the Illinois Election Code no later than August 27, 2026, including providing a certified copy of this Resolution and the form of the public question to be placed on the ballot of the next regularly scheduled General Election to be held on November 3, 2026.

Section 5. Severability. If any section, paragraph, clause, or provision of this Resolution is held invalid, such invalidity shall not affect any other provision that can be given effect without the invalid provision.

Section 6. Effective Date. This Resolution shall be in full force and effect upon its passage and approval as provided by law.

Committee Date: Tuesday, July 14, 2026

Resolution Title:

(26-041) Resolution Authorizing the Highway Department to Lease Five Light Duty Vehicles as Part of the Master Lease Agreement with Enterprise FM Trust

Board Meeting Date: Thursday, July 23, 2026

Budget Information:

Was item budgeted: Yes	Appropriation \$ 35,000 (FY2027)
If not, explain funding source:	
ORG/OBJ/Project Code: 461-45120	Budget Impact: Est. \$ 33,222.12 (FY2027)

Background Information:

The Highway Department started a light-duty vehicle lease program in 2018 to reduce maintenance costs in our fleet. This would be the fifth round of leases since the program started. Due to supply issues, the program was temporarily interrupted, with the last round of five vehicles approved in 2025. Currently, 9 out of the 26 light-duty trucks & vehicles in our fleet are part of the lease program (5-year leases). The actual payment amount will depend on how much equity we receive after the 5 vehicles we are replacing are sold.

Recommendation:

Staff recommends approval to continue with the lease program.

Contract/Agreement:

After approval by the County Board.

Legal Review:

By the State Attorney's office.

Follow-Up:

LEASE FIVE LIGHT DUTY VEHICLES AS PART OF THE
MASTER LEASE AGREEMENT WITH ENTERPRISE FM TRUST**

WHEREAS, the Highway Department uses heavy duty, light duty and other various types of equipment and vehicles in maintaining the Winnebago County Highway system; and

WHEREAS, the Highway Department pursues cost savings measures to reduce costs and anticipates significant financial and practical advantages by leasing some of its light duty trucks and vehicles; and

WHEREAS, Article VI, Division 3, Section 2-357(g) of the Winnebago County, Illinois Code of Ordinances authorizes the County to participate in cooperative purchasing agreements such as Sourcewell; and

WHEREAS, Sourcewell awarded a Fleet Leasing and Management Services contract to Enterprise Fleet Management, Inc., Contract No. 030122, which contract term is from May 4, 2022 to April 18, 2027; and

WHEREAS, the Winnebago County Board approved on July 12, 2018 by resolution #2018 CR 092 a Master Lease Agreement with Enterprise FM Trust, and;

WHEREAS, Enterprise Fleet Management, Inc. has estimated the cost to lease an additional 5 (five) light duty trucks and vehicles as shown on summarized on Exhibit A and detailed on Exhibits B, C, D, E and F all of which are attached hereto, and;

WHEREAS, the Winnebago County Highway Department will sell 5 (five) used light duty vehicles thereby removing them from their fleet approved as surplus by the Winnebago County Board; and

WHEREAS, an Equity Lease Schedule will need to be executed for each vehicle for the approximate amounts as shown on Exhibit A, B, C, D, E and F; and

WHEREAS, as a cost savings measure it would be in the public interest to lease these 5 additional light duty trucks and vehicles from Enterprise FM Trust to be used by the Winnebago County Highway Department for maintaining the County's highway system; and

NOW, THEREFORE, BE IT RESOLVED by the County Board of the County of Winnebago, Illinois that the Chairman of the County Board is authorized to execute on behalf of the County of Winnebago the Equity Lease Schedule with Enterprise FM Trust for each of the 5 (five) trucks and vehicles identified on Exhibit Agreement substantially in the amounts shown on Exhibit A.

BE IT FURTHER RESOLVED, that the Equity Lease Schedule hereby approved shall not become effective and binding unless and until the respective parties have executed them; and

BE IT FURTHER RESOLVED, that this Resolution shall be in full force and effect immediately upon its adoption; and

BE IT FURTHER RESOLVED, that the Clerk of the County Board is hereby directed to prepare and deliver one (1) certified copy of this Resolution to the Winnebago County Treasurer, Auditor, Director of Purchasing, Finance Director, and County Engineer.
