#### **Overarching Principles**

#### Describe the need that was caused by COVID-19

The Winnebago County Sheriff's Office (WCSO) maintains a 1300 bed corrections facility and is responsible for the safety of the inmates and employees there within. During COVID, corrections staffing levels fluctuated greatly due to exposures and illness. These staff shortages along with capacity and social distancing requirements put forth by the Center for Disease Control (CDC) and Illinois Department of Public Health (IDPH) forced a change in monitoring activities whereas staff were unable to perform the routine physical area monitoring, and began to heavily rely on remote monitoring with the County's camera systems. This quickly exposed shortcomings in the coverage of the current cameras in the jail, and also the ability for the current outdated camera hardware and software to perform as needed under heavy load.

WCSO is also responsible for monitoring and security services for all of Winnebago County's Elected and Appointed Officials' departments: 17th Judicial Circuit Courts and Clerk, Probation Department, Juvenile Assessment, River Bluff Nursing Home, Animal Services, Public Health, Law Enforcement and others. These monitoring services were impacted by the CDC and IDPH requirements, and as stated above, exposed shortcomings in the coverage of the existing system and its ability to perform as needed. In order to meet these needs during the ongoing pandemic and preparing for future disasters, Winnebago County needs to upgrade and expand its security camera system. The existing camera system can no longer be expanded due to its age and therefore must be upgraded and built out to meet the current and future needs of the County.

#### Describe how this cost will meet the need noted above

Having a modernized, centralized camera monitoring system will allow WCSO to meet both the monitoring requirements for staff, inmates, and the public while adhering to the requirements put forth by the CDC and IDPH. It accomplishes this by enabling robust remote monitoring, recording and review, which mitigates issues created by staffing shortages and social distancing requirements.

To realize this vision, the associated costs will cover the procurement, engineering and installation of the mentioned system, and includes the underlying network, server, storage, communication, and security infrastructure used to operate this system. This system is referred to as the Winnebago County Metropolitan Area Network (WinMan) which is mostly a 100 megabit network that allows for connectivity for all Elected and Appointed officials, remote access by citizens, remote access with trading partners, remote access by employees and lacks the ability to enable the solution to provide internet services to the unserved and underserved citizens within Winnebago County.

The first phase of this supporting WinMan infrastructure upgrade was and approved by Baker Tilly and is currently being implemented.

#### 2022 CO

TO: THE HONORABLE BOARD MEMBERS OF THE COUNTY OF WINNEBAGO, ILLINOIS

The Winnebago County Finance Committee presents the following Ordinance amending the Annual Appropriation Ordinance for the fiscal year ending September 30, 2021 and recommends its adoption.

#### **ORDINANCE**

WHEREAS, at the end of FY2021, the County General Fund has advanced funds to several special revenue funds and has a general fund balance exceeding the minimum County policy balance. The County will permanently transfer funds from the general fund to special revenue funds that do not have a revenue source that will support the fund in the future and relieve the negative cash balance. Funds receiving the transfer will be Victim Impact Panel Fee Fund (\$9,910.), Deferred Prosecution Program Fund (\$153,067), Circuit Court Grant Fund (\$11,141) and Law Library Fund (\$180,350).

WHEREAS, the Winnebago County Board adopted the "Annual Budget and Appropriation Ordinance" for the fiscal year ending September 30, 2022 at its September 30, 2021 meeting; and,

WHEREAS, 55ILCS 5/6-1003(2014), states, "After the adoption of the county budget, no further appropriations shall be made at any other time during such fiscal year, except as provided in this Act. Appropriations in excess of those authorized by the budget in order to meet an immediate emergency may be made at any meeting of the board by a two-thirds vote of all the members constituting such board, the vote to be taken by ayes and nays and entered on the record of the meeting."

**NOW, THEREFORE, BE IT ORDAINED**, that the County Board deems that pursuant to the provisions as set forth in 55ILCS 5/6-1003(2014), certain conditions have occurred in connection with the operations of the County which are deemed to be immediate emergencies; therefore the increases detailed per the attached Request for Budget Amendment are hereby authorized for Amendment **#2022-012 Fund Balance Transfer**.

Emergency Services and Disaster Agency (ESDA) Coordinator

County Code: Not Applicable

#### **Background Information:**

The Sheriff's Department is requesting a budget amendment to hire an Emergency Services and Disaster Agency (ESDA) Coordinator. There was an IGA with the City of Rockford in 2020 making the ESDA Coordinator an employee of the City of Rockford Fire Department. Per the IGA, the County pays the City of Rockford \$122,480 per year for half of the cost of the Coordinator's salary and benefits. The County did not feel we were getting the value of the position at \$122,480/year. As a County employee, the ESDA Coordinator will be focused on meeting the needs of the County Community first. Budget amendment covers the period of May 1, 2022 through September 30, 2022. The job description for the position is attached. The ESDA Coordinator salary cost for fiscal year 2022 will be covered by canceling the contract with the City of Rockford. The \$7,925 covers Life Insurance, IMRF, FICA and Medicare.
